

## PRESIDENT PREDICTS DEMOCRATIC VICTORY

Accuses Opponents of Attempting to Coerce Workingmen

Charges Political Capital is Being Made out of Unsettled Questions "Which if not Settled Wisely Might Bring the Country Into the World Conflict."

Long Branch, N. J., Nov. 4.—President Wilson closed his campaign for re-election at Shadow Lawn today with a speech in which he accused the opposition of attempting to coerce workingmen and charged that political capital is being made out of unsettled questions, "which if not settled wisely might bring this country at any time into the world conflict."

Predicting Democratic victory next Tuesday, the president declared:

"Having despaired of an issue, they are filling the country with alarm. They are not only filling the country with alarms, but they are attempting coercion of their laborers. They imagine that these men are not their own masters and dare not vote as they think but at last I thank God the American laborer is awake."

Let them fill the country with alarms; the alarms are their own. They used to control the credit of the country; now they control nothing but the betting."

"So, my fellow citizens," he continued, "I feel rising in my pulses already the inspiration and impulse which is to come not only to the United States but to the world next Tuesday. I do not identify myself with this. To me has fallen the unspeakable good fortune of happening to be the spokesman of the American people at this critical time."

Wilson asserted that the Republican party had fallen back on the protective tariff as its only issue.

"They know perfectly well," he said, "that all the pretenses about the protective tariff have been torn away," adding that "the industries with the highest protection have paid the lowest wages."

The president's address was delivered before a large gathering which came from towns and cities in the country, including a delegation of Princeton professors and students.

Governor Fielder of New Jersey presided.

President Wilson said in part: "I must say it has been very hard in recent years not to take my coat off and get back into the fighting that is now developing in this state in the effort to reinstate in power the men whom we routed six years ago and held up to the reprobation and contempt of all lovers of just and true government because it is apt to stir the blood very hotly to see these men trying to get into power again."

"Invisible government never existed in more hateful form than it has existed in past years in this state of New Jersey."

"When I see this unblushing, this impudent, attempt to reinstate these forces without any concealment of any kind, do you wonder that I would like to get out again and denounce the whole crowd as I know them?"

"For my part I do not believe that the people of New Jersey are going to be deceived by this thing—deceived? Why should they be? There is no concealment of the purpose. If any man votes for the Republican state candidates in this contest he knows he is voting for the re-establishment of invisible government in the state of New Jersey and he is betraying the confidence which is reposed in every man who goes to the ballot box to exercise the great and solemn duty of choosing public servants."

"It is delightful to fight the things that are wrong. It is delightful to hit something that is worth destroying. The only thing that is disappointing in a contest of this sort is that these fellows dodge and will not get hit."

"I want to testify that I have dealt with most of the men who are being offered as candidates on the state Democratic ticket and I know them to be honest men. I would trust them and the only people you can afford to put into office in this year of grace are people you can trust, people whose orbit you can calculate beforehand, people, whom you have tested and whose position is known to you in all its frank particulars."

"But, after all my fellow citizens the thing that is being attempted in New Jersey is only part of what is being attempted in the United States with more and more transparency."

## BELIEVE 17 ENTOMBED MINERS STILL ALIVE

Federal and State Rescuers Penetrate Working Near Birmingham, Ala.—Remove Two Unidentified Bodies.

Birmingham, Ala., Nov. 4.—Federal and state rescuers who penetrated the Besse, mine of the Sloss-Sheffield Steel & Iron company near here tonight believe at least eight of the eighteen negroes and nine white men entombed as the result of a gas explosion early today are still alive. Air is coming thru a pipe from the part of the mine in which it is believed the men are trapped.

Two unidentified bodies of white men decapitated by the explosion were brought to the surface today.

Three hours after the explosion Birmingham felt an earthquake tremor. The shock lasted thirty seconds, rattled windows and knocked china from cupboards of several homes. Seismological experts connected the explosion with the earth.

## DUMBA RETIRES FROM DIPLOMATIC SERVICE

Was Ambassador of Austria-Hungary At Washington Until September 1915.

Vienna, Nov. 4.—via London.—Dr. Theodore Constantine E. Dumba, former Austrian ambassador to the United States, at his own request has been retired from the diplomatic service by the emperor. The announcement of the retirement of Dr. Dumba includes imperial recognition of Dr. Dumba's excellent services covering a long period of years.

Dr. Dumba was ambassador of Austria-Hungary at Washington from May 24th, 1913, until September, 1915. In the summer of 1915, he made himself unacceptable to the United States government when he attempted to transmit thru James F. J. Archibald, an American newspaper correspondent, a report to the Austro-Hungarian foreign office which disclosed the ambassador's plans to cripple American munition plants by strikes. British agents found proof on Archibald when he arrived at Falmouth. The Washington government cancelled Archibald's passport and demanded the recall of the Austrian representative.

Expect New Ambassador.

Washington, Nov. 4.—Acceptance of the resignation of Dr. Constantine Dumba as ambassador to the United States was taken by state department officials here tonight as a plain indication that the Austrian government is about to name a new diplomatic representative to Washington.

## COLONEL CRITICISES WILSON'S FOREIGN POLICY

T. R. Favors Intervention In Mexico—Declares There Is No Room In This Country For Those Whose Loyalty Is "Fifty-Fifty."

Bridgeport, Conn., Nov. 4.—Former President Roosevelt, speaking at a Republican rally in the state armory here tonight, criticized the foreign policy of President Wilson, favored intervention in Mexico, attacked hyphenated citizenship, declaring there was no room in this country for those whose loyalty was "fifty-fifty" and referred to Secretary Baker as a "noble gentleman whom I understand knits well."

In attacking the Mexican policy of the president, Mr. Roosevelt said that all he asked was that "the United States should do the same in Mexico that it did in Cuba—go in and pacify the country and eventually give it its freedom."

Colonel Roosevelt was making the statement that during his seven and a half years as president not a single shot had been fired on or an American killed by representatives of a foreign power, when some one in the audience shouted:

"There wasn't any war in Europe then."

"That's just why I deserve the more credit," shot back the former president. "I had difficulties with great powers, Germany, England and Japan, and at a time, too, when they were not at war among themselves and could devote their entire time to me. I showed them that I was willing to devote my entire time to them, and so we had no war."

## CAMPAIGN MANAGERS ISSUE STATEMENTS

Each Make Positive Claims of Victory in Election Next Tuesday.

New York, Nov. 4.—Informal statements issued here tonight by the chairman of the Republican and Democratic national committees each made positive claims of victory in the election next Tuesday.

Vance McCormick, Democratic national chairman, predicted that President Wilson would have at least 364 of the total of 531 electoral votes with a possibility that the number would be swelled to 451.

William R. Wilcox, the Republican chairman reported to Mr. Hughes that his minimum majority in the electoral college would be 100 votes and that "doubtless the majority will be much greater."

Mr. McCormick prophesied thirty states including Illinois surely would be Democratic. He claimed nine more with fifty two votes as probable Democratic and claimed three with 45 votes as doubtful.

Iowa was among those he admitted "looked Republican."

Mr. Wilcox gave no details in regard to the outcome in the different states.

## DALLAS PRELATE BEGINS THIRTY FIFTH YEAR

Dallas, Texas, Nov. 4.—Rt. Rev. Alexander C. Garrett, bishop of the Episcopal diocese of Dallas, came in for a flood of congratulations today on the occasion of the beginning of his 35th year. Bishop Garrett was born in Ireland and received his education at Trinity College, Dublin. In 1859 he came to America to engage in missionary work in British Columbia. Ten years later he was made rector of St. James' Church in San Francisco. From 1872 to 1874 he was dean of Trinity Cathedral, in Omaha and in the latter year he was elected missionary bishop of Northern Texas. When the diocese of Dallas was created he remained its bishop.

## WOULD INCREASE DEMURRAGE CHARGE

Springfield, Ill., Nov. 4.—Application was filed here today with the Illinois Public Utilities Commission by the Santa Fe Railroad company and the Western Demurrage and Storage Bureau of Chicago, seeking authority to increase demurrage charges applicable in state traffic in Illinois. ## HUGHES CLOSES CAMPAIGN FOR THE PRESIDENCY

Addresses Big Meeting at Madison Square Garden

Nominee Rides at Head of a Great Torchlight Procession Called a "Wheel of Flame," the Nine Spokes of Which Converged Upon Fifth Avenue.

New York, Nov. 4.—Charles E. Hughes, closed his campaign for the presidency in this city tonight with a big meeting at Madison Square Garden. The speech he delivered was his fifth today and followed four in open air in different parts of the city.

Before the night meeting Mr. Hughes rode at the head of a great torchlight procession called a "wheel of flame," the nine "spokes" of which converged upon Fifth Avenue. Many thousands of men, each carrying a flaming torch, were in line as the procession came together, one after another. The broad avenues were filled with long ribbons of light as the Republican cohorts moved onward. At frequent intervals were bands, which played martial and patriotic airs. The car in which the candidate rode was the only automobile in line. Much excitement was caused by an explosion in Worth street a few feet from Mr. Hughes as he sat in his automobile waiting for one of the divisions of the parade to start. It was believed at first that a bomb had been hurled at the nominee but Inspector Egan of the bureau of combustibles declared a photographers' flashlight powder can was the culprit.

Two newspapers were slightly hurt. With Mr. Hughes in his car were A. Barton Hepburn and two detectives. The nominee did not seem perturbed by the incident and smilingly acknowledged the plaudits of the crowds thru which he passed as the paraders moved on, fourteen abreast.

A drizzling rain which began falling just as the parade began dampened somewhat the ardor of the demonstration which greeted the Republican candidate, but cheering crowds lined Fifth avenue from the time he passed under the Dewey Arch in Washington Square.

More adequate and elaborate police arrangements at Madison Square and in that vicinity prevented a repetition of the crush which greeted President Wilson Thursday night. The big building was comfortably filled by seven o'clock, but most of the crowd which had gathered evidently wanted to see the parade before seeking admission. Every seat was taken, however, before the blare of bands heralded the candidate's coming.

Mrs. Hughes accompanied by her three daughters, Helen, Catherine and Elizabeth, Mr. and Mrs. Charles E. Hughes, Jr., and several friends, were among the early arrivals. They occupied a box in the center of the garden.

William A. Prendergast, comptroller of the city of New York formally opened the meeting at 7:50 o'clock. Speaking of a reunited Republican party he referred to that "wonderful American" Theodore Roosevelt. The crowd began to cheer and the demonstration lasted several minutes.

Mr. Hughes entered the hall at 9:15 while Governor Whitman was speaking. The governor's speech was ended abruptly by a roar from the audience which kept up seven minutes. The crowd then began to shout "Hughes, Hughes, Hughes." "We want Hughes."

The nominee waved a small flag. The crowd settled down after 15 minutes to a steady call of "Hughes, Hughes, Hughes."

The cheering had been going on 26 minutes when Mrs. Hughes was escorted to the balcony beside her husband. At this the audience redoubled its noise. Charles E. Hughes, Jr., and his wife followed, then the nominee's daughters, so that the nominee's entire family was grouped around him.

At the end of thirty minutes the crowd had settled down to a steady stamping of feet in unison.

A band played a verse of "Auld Lang Syne" and when it stopped the cheering and stamping began again.

A mammoth flag was unfurled from the ceiling, the band played the "Star Spangled Banner" and the audience ceased cheering to sing. Mr. Hughes was introduced at 9:55 o'clock after the demonstration had lasted 45 minutes.

## PREDICT GENERALLY FAIR WEATHER ELECTION DAY

WASHINGTON, Nov. 4.—Generally fair weather for nearly all parts of the country on election day was predicted today by the weather bureau. This special forecast was issued: "Indications are that on Tuesday moderate temperatures and generally fair weather will prevail over nearly all parts of the country. There is, however, a possibility of unsettled weather and rains in north Pacific states, the northern Rocky Mountain region, in the extreme upper Mississippi Valley and in the region of the Great Lakes."

## SEEK PERSONS WHO SET BOMB ON RAILROAD

MOLINE, Ill., Nov. 4.—Explosion of a time bomb on railroad tracks in front of the plant of Williams White & Co., manufacturers of war munitions, at 10 o'clock last night, set detectives at work today to determine whether the bomb was set by enemies of the entente allies, for whom the company has been manufacturing war material, or by sympathizers with a strike which has been on at the Williams-White plant for three months. No damage was done by the explosion.

## SOLDIER SHOTS SELF

Brownsville, Texas, Nov. 4.—Private Bining Krusier, second Iowa infantry shot and killed himself in camp near here today. His body was shipped to his home in Arthur, Iowa. An army surgeon said the shooting was an accidental staking Krusier as cleaning his rifle.

## TELEGRAPHIC BRIEFS

BELOIT, Wis.—That the body of the man found in the Rock river Thursday night was that of James French of Grand Detour, Ill., sixty miles south of here, is a possibility that developed in investigation of the murder.

EL PASO.—Colonel Rosario Garcia, Villa commander from Sonora, and two of his men were executed in Juarez after being convicted by a military court on charges of treason.

MOLINE, Ill.—Mrs. Swan Johnson of Moline, will be 91 years of age next Tuesday and on that day will go to the polls and cast her first ballot at a national election. She says she will vote for Hughes and the entire Republican ticket.

NEW YORK.—The steamer Byron, leaving for Buenos Aires, carries a shipment of \$1,400,000 gold from local banking institutions. Of this sum \$1,000,000 was sent by a trust company, presumably in connection with British purchases of supplies in Argentina.

DES MOINES.—Burglars who the police believe were trying to combat the high cost of living, broke into the butcher shop of A. Horiwitch, ignored the cash register and escaped with 200 pounds of fresh meat.

WASHINGTON.—The Rev. Dr. James Moffat, president emeritus of Washington and Jefferson college, died here after an illness of less than a week from paralysis.

DES MOINES.—John Brewer, champion Des Moines life saver, is dead at his home here. For years Brewer was in charge of the municipal bathing beach and during his tenure saved more than a score of lives.

SPRINGFIELD, Ill.—A license to incorporate was issued here by the secretary of state to the Connor Refrigerator Counter Company of Danville, Ill., the capital stock to be \$10,000.

## CRUSHED BY ROCK MAN DIES FROM INJURIES

Henderson Jackson Met With Accident Saturday Afternoon While Hauling Monument.

Henderson, alias "Spec," Jackson died at his home, 416 West Chambers street Saturday night about 10 o'clock as the result of injuries received Saturday afternoon. Jackson was engaged in hauling a monument when the wagon broke down and a heavy stone crushed him. The injuries were to the back and leg.

W. E. Boston who has the grocery at the intersection of East College and Hardin avenues where the accident happened, notified Chief Davis who went to the scene with Carl Coakley. They found Jackson lying on the ground and removed him to his home, 416 West Chambers street.

Dr. R. H. Beverly was called and gave the injured man attention. Dr. Beverly did not think at the time that Jackson's injuries were serious. However he said that there seemed to be an injury of the spine and he was of the opinion Saturday night that this caused death.

Jackson was about 28 years of age and had lived here for a number of years. His wife and one sister survive. The time of the funeral has not been announced.

## WISCONSIN MAY TAKE UP BRITISH PLAN

MADISON, Wis., Nov. 4.—Congressman Britten's plan for regulation of storage plants, which is now being advocated in Illinois, probably will be a subject of legislation in Wisconsin this year. A bill of this character was killed in the upper house of the legislature during the last session. It is said here, however, that the measure will be introduced at the coming legislative session and will have the backing of the Wisconsin Society of Equity.

## NAVAL WEDDING IN WASHINGTON

Washington, D. C., Nov. 4.—Of interest to the naval contingent in Washington society was the wedding today of Miss Virginia Latta Montgomery and Ensign Terry Brewster Thompson, U. S. N. The bride is the daughter of Mr. and Mrs. W. Emile Montgomery and a niece of Mrs. Edward Douglas White, wife of the Chief Justice. The wedding took place at St. Matthew's church and was followed by a reception at the home of the bride's parents in Rhode Island avenue.

## ITALIANS SCORE SUCCESS IN THE CARSO REGION

Advance Nearly Mile in Direction of Wippach River

Austrians Bring New Batteries into Action in Zone East of Gorizia—Several Battles Raging in Galicia—Report Russian Dreadnaught is Badly Damaged.

The Italian troops are continuing their new offensive against the Austro-Hungarian forces in the Carso region and have advanced nearly a mile in the direction of the Wippach river and taken 553 prisoners, according to the Italian war office. The Austrians have brought new batteries into action in the zone east of Gorizia and are maintaining an intense barrage fire. The artillery activity is increasing on both sides in the Carnia front.

The Italians report the capture by assault of an observatory on the slopes of Cima Boocche in the Travino-Avizio valley, in the Dolomite Alps, and say their troops held the captured position despite a violent bombardment.

Several battles are being fought south of Brzezany in Galicia in the neighborhood of the villages of Mishishou and Lipnicadola, where the Germans after violent bombardment with heavy artillery launched an attack with considerable forces. "A Russian war office admits that the German troops occupied parts of the advanced Russian trenches on the heights east of Lipnicadola. . . . battle is continuing. Continuation of the German successes by the capture of additional parts of the Russian main position on the left bank of the Naryvka in Galicia is claimed from Berlin."

On the Roumanian front the Roumanians have advanced to the west of the Buzeu river and also at Table Butzi, on the Transylvanian front. The pursuit of the Austro-German forces west of the Jiu river is continuing and there has been a bombardment all along the Danube river, according to the Roumanian announcement. Light skirmishes only are reported in Dobruja.

The occupation by the Roumanians of Roca height, southeast of Altezhan, on the Hungarian-Roumanian front, is given out by the German war office, which, however, asserts that the Teutonic allies have re-captured a Roumanian position and 250 prisoners southwest of Fredal.

Quiet, except for artillery and infantry firing is reported by both sides on the Serbian front in Macedonia.

German forces which entered the British trenches near Quinchy were expelled, and a German counter-attack east of Guedecourt, on the Somme front, resulted in heavy losses, according to the British war office. There has been intermittent cannonading in the region of Forts Vaux and Douaumont, north of Verdun.

French and British attacks in the sectors north of the Somme, were repulsed, according to the German war office. The German admiralty has made public the details of what is characterized as a second Baralong case stating that a British patrol ship flying American colors destroyed the German submarine U-41 and only two survivors of the submarine were saved. The survivors reported the incident to the German government who has learned of it, it is claimed, thru an invalid prisoner transferred to Switzerland.

The Overseas News Agency has received a report that the Russian dreadnaught Sevastopol, one of the most powerful vessels of the Russian navy, struck a mine eight days ago and was partly destroyed.

## CAPTAIN ROSE GIVES ACCOUNT OF VOYAGE

BERLIN, Oct. 4.—Via Wireless to Sayville, Captain Rose of the U-53 gave an interesting account today of the voyage of the submarine to American waters and his impression of Newport and of the activity of the submarine off Nantucket.

Storms were faced said the commander which would have tested the stoutness of surface boats even of the greatest dimensions. The American ravies, said Captain Rose received the U-53 with the greatest cordiality, but the commandant at the Newport station was so evidently relieved when he learned Captain Rose did not desire to replenish his fuel or provisions that Captain Rose received the impression he would have encountered difficulties if he had desired supplies.

## PLACE MAIL ON SLOW SHIP

New York, Nov. 4.—No mail from England or France has been delivered here this week, owing to the action of the British postal authorities in placing the mail on the Cunard line steamer Carpathia, one of the slowest steamships in the Atlantic passenger service. The Carpathia left Liverpool October 25 and is due here today.

## WOMEN SATISFIED WITH CAMPAIGN

## HANLY SPEAKS IN CAPITAL OF INDIANA

Tells Why He Deserted the Republican Party to Become the Prohibition Candidate.

Indianapolis, Ind., Nov. 4.—Here in the capital of Indiana, where for four years he presided as a Republican governor, J. Frank Hanly greeted a throng of his neighbors tonight, told them why he deserted his old party to become the Prohibition candidate and assured them that his running mate, Ira Landrith and himself had laid the foundation of an ultimate national dry victory.

"After 20,000 miles of travel thru thirty-four states of the Union, I come again to you with faith confirmed and braver purpose made so because of what I have seen and heard."

"I knew when I began that out of the battle there would come neither official commission, power nor emolument for me, but I believed with the help of my great associate and the unprecedented campaign we planned we could challenge the thought of the nation as it never had been challenged upon this issue and compel the recognition of our cause." \* \* \*

## NO REVENUE FOR SANITORIUM BEFORE 1918

Tax Money Could Not Be Available Before That Date—The Need of Relief is Acute.

It was pointed out Saturday by members of the committee in charge of the campaign for the proposed Morgan County Tuberculosis Sanatorium that there will be no revenue for the hospital until 1918.

This was mentioned in connection with a discussion of whether or not the proposition could be voted on again next year if it fails of a majority next Tuesday.

"If the Morgan county voters turn thumbs down on the tuberculosis sanatorium next Tuesday" said a member of the committee, "it will mean that we will have to wait until 1920 before starting to build, assuming that it did carry in 1918."

"In view of the fact that hundreds of our neighbors are dying now because there has been no institution in this county to which they might go for expert care, it will be almost a crime if the sanatorium fails to get a majority at this election. Think of the scores who will die in the next two years and the other scores who will die in the two following years if we provide no hospital for them. Hundreds of lives already have been sacrificed in this county because our tuberculosis cases could not be sent to a sanatorium."

"The best we can do is to vote for the sanatorium this year. Even then it will be two years more, or rather in 1918 before the revenue for the sanatorium begins to come in. Nothing we can do now can help the families that have suffered the loss of one or more of its members thru tuberculosis in the past few years but by voting for the sanatorium this year, we can save the lives of many who have only recently been infected or will be infected in the next few months." In a final appeal to all voters, the committee again points out that men and women will be permitted to vote on the sanatorium proposition.

## NINETY-TWO DIE IN STEAMSHIP COLLISION

BELFAST, Nov. 4.—The loss of life in the disaster to the steamers Retriever and Connemara aggregates ninety-two. Only two persons are known to have been saved.

The crew of the Retriever numbered thirteen, one of whom and also one passenger were saved. The two vessels lie partly submerged within sight of land. Heavy seas are breaking over them.

## Nine Emigrants on Board.

## BENSON SUMS UP CAMPAIGN ISSUES

LOUISVILLE, Ky., Nov. 4.—Allan Benson, Socialist candidate for president, summing up his view of the campaign issues of the major parties, in an address here tonight, said if Mr. Hughes believes everything is all wrong, Mr. Wilson balances matters by assuring us everything is all right. Mr. Benson asserted the increase in national wealth, which he said President Wilson estimated at \$41,000,000,000 had not enabled the wage earner to remove with ease goods from the shelves of the grocery store.

## VILLA BANDITS KILL AMERICAN PHYSICIAN

Refugee Reports Slaying of Dr. Fisher at Santa Rosalia

Was One of Nine Americans Known to Have Been in Santa Rosalia When Bandits Captured the Town—Carrazza Forces Evacuate Jimenez.

Chihuahua City, Mex., Nov. 4.—Via El Paso Junction.—Dr. Fisher, an American physician, living at Santa Rosalia, was killed by the Villa bandits under General Baudelio Uribe, according to the statement of a Mexican refugee, who arrived here from Santa Rosalia late today. Dr. Fisher was one of nine Americans known to have been in Santa Rosalia when the bandits captured the town. Jimenez, the junction point on the Mexican Central railroad of the Parral line, has been evacuated by Carrazza forces under General Fortunato Maycotte, who has fallen back upon Escalon, about eighty miles south of Jimenez on the same railroad, a semi-official report received here from the south states.

According to this report Villa forces abandoned Santa Rosalia and proceeded south on Jimenez, using a railroad train which had been captured from General Maycotte's forces north of Jimenez. As Jimenez was not considered of especially strategic importance nor suited for defensive action, it was evacuated by General Maycotte's forces, which fell back upon Escalon as a base, according to this same report.

At Escalon, it is expected junction will be effected with General Murguia's division of 6,000 troops and the forces of General Domingo Arieta and those of General Herrera. A detachment of six hundred Carrazza troops has been sent north from Chihuahua City after the bandit band of Juan Murguia and the Quevedo brothers, who held up and robbed the Mexican Central train at Laguna station Monday evening.

The troops commander left with orders to pursue the bandits into Santa Clara canyon and to give battle as soon as the bandits were sighted. A troop train with light artillery mounted on flat cars is being held in the railroad yards here ready to proceed north at a moment's notice should bandits appear on the main line of the Mexican Central railroad.

The report that General Maycotte expected to effect a junction with the forces of General Herrera at Escalon is believed to confirm the report that Parral was evacuated by the Carrazza forces under General Luis Herrera, as he is the only Carrazza commander operating in this zone.

Villa with all his forces is moving on Parral according to latest reports received here based on the statements tonight of prisoners. Colonel Castaldi reports he routed a rebel band at Meoqui and the Madera garrison says 11 prisoners were taken at San Geronimo, of whom six were cowboys who had been impressed by Villa. The troops at Ojitos likewise claim a victory over bandits in that section.

Villa bandits in the command of General Uribe executed a number of Chinese and Arabs, residents of Santa Rosalia on Oct. 26. Refugees arriving here today from Santa Rosalia reported General Uribe in a speech delivered after the capture of the town accused foreigners of being enemies of Villa's cause, then ordered the executions, the refugees said. The town was looted the refugees reported and women camp followers of the Carrazza troops mistreated, according to eye witnesses who arrived here. They reported Uribe's command had moved south toward Jimenez and Parral.

### MORGAN COUNTY'S

**STATE CANDIDATE**  
Morgan county voters should not fail to remember next Tuesday that they have a representative on the state Republican ticket in the person of Andrew Russell, candidate for state auditor. Mr. Russell made a most notable showing in the primary election and his name adds to the strength of the Republican ticket. He made his campaign on the statement that if elected auditor he would institute certain reforms which would guarantee to the state the highest type of efficiency in that office. In the banking department, if Mr. Russell is elected, only men of practical experience and ability will be appointed. Efficiency will be the watchword for the conduct of the office.

In every election in which he has been a candidate Mr. Russell has received a very handsome vote in Morgan county, many residents of Jacksonville and the county outside the Republican party making it a point to give Mr. Russell their support. It will be a gratifying and fitting thing if Morgan county's candidate on the state ticket is given a great majority here at home.

Charles Rose, Republican candidate for coroner, has the entire confidence and good will of those who know him. His record is in every way honorable and he would discharge the duties of coroner in strict conformity with law.

Charles E. Hughes, in 1907, while governor of New York, and without thought of being a candidate for the presidency, signed a law limiting the labor of signal men and railroad telegraphers to eight hours a day.

The day peace is declared 12,000,000 European men return to work making goods for everybody—1,000,000 American workmen in war supply factories will become idle—millions of others affected. You don't want to see the country suffer as it did during Wilson's two years' before the war!

### Rippling Rhymes By WALT MASON

#### SLUMP IN READING.

We haven't time for magazines, nor patience with romances, for touring cars and limousines have altered circumstances. We used to sit before the fire, and read the story tellers, the gents who punish sounding lyres, and all that bunch of fellows. We read up Homer, Milton, Blaine, old Bill, the bard of Avon, and stained our intellects until we had to rub some salve on. The bookstores got our extra change, when we went forth a-shopping; but now, alas—'tis sad and strange—old customs we are dropping. Ere I went daft on gasoline, and tires and clutch and starter, I bought the works of Anna Green and Bertha Clay and Carter. I read all kinds of helpful tomes, indorsed by church and college, I read the tales of Sherlock Holmes, and stored my mind with knowledge. But now my books have vanished clean, with all their backram facings; they had to go for gasoline and inner-tubes and casings. I gave John Milton for a tire, and Pope to fix a puncture; I go to soak my priceless lyre, to buy gas at this juncture.

### REPUBLICANS WILL WIN IF THEY VOTE THE TICKET.

The saying often heard that Morgan is a Democratic county is not substantiated by the records. In 1904 this county gave.

Russel, Republican .....	4,248
Parker, Democratic .....	3,343
Republican plurality .....	905
Four years later—that is, in 1908—the vote was	
Taft, Republican .....	4,019
Bryan, Democratic .....	3,993
Republican plurality .....	26
In 1912 the result was	
Roosevelt, Progressive .....	2,090
Taft, Republican .....	1,466
Wilson, Democratic .....	3,640
Wilson's plurality .....	84

In that year all must remember that the factions of the Republican party were flying at each other's throats. Two years later, in 1914, the process of reunion was on the way, although the Progressive party had a candidate for U. S. senator. The vote in Morgan county in 1914 for senator was

Sherman, Republican .....	3,145
Robins, Progressive .....	744
Sherman and Robins .....	3,889
Sullivan, Democratic .....	2,353
Sherman's plurality over Sullivan .....	792

The combined vote of Sherman and Robins was 1,536 greater than the Democratic vote. These figures make it very clear that Morgan county should not be classed as Democratic. True, it is a battle ground but on an average during the last twelve years the Republicans have had decidedly the best of it. All that is needed for a sweeping Republican victory next Tuesday is for every Republican to get to the polls and to vote the ticket straight.

There is a mighty lot of satisfaction for Republicans in studying the election statistics in this state. Any wavering Republican who thinks that the Democratic national or state ticket is in any danger in this state should take a look at these figures. Illinois in 1904 gave Roosevelt a plurality of 305,039 over Parker. In 1908 the state gave Taft 179,122 more votes than Bryan. In 1912 the combined vote of Taft, Republican, and Roosevelt, Progressive, was 235,023 greater than the vote for Wilson. In 1914 the vote in Illinois for U. S. Senator was

Sherman, Republican .....	368,102
Robins, Progressive .....	189,097
Sherman and Robins .....	557,199
Sullivan, Democratic .....	356,237

The combined vote of Sherman and Robins was 200,962 greater than the vote for Sullivan.

If there is not a decided Republican victory in county, state and nation next Tuesday it will be because Republicans are not voting for their own nominees.

man or woman can desire longer such incompetence."

**Let Carl Robinson Serve the People**  
If anybody thinks that Carl E. Robinson, Republican nominee for state's attorney, has not been active in seeking that position, that person is wholly unacquainted with the facts. By night and day Mr. Robinson has been busy personally seeing voters and letting them know that he wants their support Tuesday.

Mr. Robinson's extensive acquaintance in the country precincts of Morgan county is standing him in good stead and many are the favorable reports being received about his candidacy. He has the good faculty of impressing upon all people who know him his absolute sincerity and stability of character. No doubt Mr. Robinson's early experiences and the difficulties which he surmounted in securing his college and law education have had a great deal to do with this ruggedness of character. Be that as it may, the Republican candidate for state's attorney is a fine type of young manhood, and his well rounded characteristics are such that all who know him are certain that if chosen state's attorney he will fill the post with honor and ability.

Carl Robinson will be a state's attorney with a conscience; an earnest desire to have the laws enforced and a fair, square deal accorded to every man.

#### WILLIAM E. WARD DIES.

Das Moines, Iowa, Nov. 4.—William E. Ward, junior member of the firm of Harper & Ward, local grain dealers, died early today at Perry, Iowa, according to reports here. Deceased was 43 years old and was prominent among grain men throughout the state. He suffered a stroke of paralysis last Thursday while on a business trip to Perry.

#### ASSOCIATED PRESS CORRESPONDENCE

London, Nov. 4.—(Correspondence of the Associated Press)—The suggestion that Great Britain shall adopt after the war a decimal system of coinage patterned after that in use in the United States is receiving earnest consideration. There is recurring discussion also of adopting a metric system of weights and measures.

It is pointed out, however, that there are manifold difficulties connected with metric weights and measures which do not apply in any way to the proposed American plan of coinage. The latter change could be made with a minimum of disturbance and probably with acquiescence of just those classes who in the past have been the chief objectors to various plans proposed.

The poor man in the street generally has the deciding voice in the changes of this kind, and he must be educated with patience and logical argument. He objected to abolishing the Gregorian Calendar on the ground that it would in some way or other rob him of a certain number of lost days. He protested against turning up the clock an hour on the theory that it was a scheme to make him work an hour longer each day.

It is realized here that any proposed coinage change having the appearance of even a nominal impoverishment of the poor would be doomed at the start, despite all arguments as to the simplification of financial arithmetic, both as to the mental process of making small change as well as in the larger field of commercial bookkeeping.

Open Evenings

The plan to adopt the American standard fortunately has the appearance of really enhancing the values of small coins to the extent of one cent in each shilling. This is how it would work out:

One pound, or sovereign, would become five dollars. The ten shilling note would be issued as \$2.50, the four shilling piece or double florin would become one dollar, the two shilling or florin would become 50 cents, the shilling a quarter, and the penny would equal two cents

and the half-penny would be called one cent.

As to saving money for the poor it is pointed out that, under this system all half-penny articles could be bought for 1-500th of the standard gold coin instead of 1-580th as at present and prices would to that extent be scaled down. Another argument in favor of the dollar decimal is that it would standardize the coinage between Great Britain and Canada, her great colony.

SOCIAL EVENTS

Birthday Party  
For Daughter.

Mrs. Anna Sturdy of Woodson entertained Saturday afternoon in honor of the seventh birthday of her daughter, Mary Kathryn. The hours were from 1 to 4:30 and 30 guests were present and a merry time was enjoyed by all. The afternoon was spent in playing games after which dainty refreshments were served.

At this time the birthday cake was brought in. It had the initials and age of the little hostess and was surmounted by seven candles. After refreshments a bran pie was cut and contained souvenirs for each guest. Miss Mary also received presents from each of her guests. Mrs. Sturdy was assisted in entertaining by Mrs. Fred Henry, Mrs. George Peak, Mrs. R. Culp, Mrs. John Gibbs and Miss Bert Blimling. The guests were: Helen Orrin, Edward Smith, Edward Peak, Arthur Glasgow, Eugene Megginson, Marjory Fitzsimmons, Margaret Cunningham, Eloise Self, Wilbur Cunningham, Roy Taylor, Bernice Kitzer, Dorothy Dewees, Bernice Henry, Esther Cunningham, Ruth Culp, Fern Potter, Margaret Henry, Maurine Self, Dorothy Thies, Mary Kitzer, Phyllis Steinmetz, Leta Megginson, Helen Sturdy, Charles Sorrels, Paul Jones, William White, Claude Orrin, George Nichols, Robert Sturdy, Roy Smith, and Mary Kathryn Sturdy.

High School  
Juniors Picnic.

The junior class of the high school to the number of 40 went to Dunlap Springs Saturday afternoon. The party left in automobiles about 5 o'clock and enjoyed supper about a camp fire. Several games were played and the party returned to the city about 8 o'clock. The affair was gotten up and managed by Giddens Reeve the class president. W. H. P. Huber and Miss Anna English chaperoned the party. Prof. and Mrs. Callihan and Miss Sophronia Kent were also guests of the class.

Miss Perkins Hostess.

Miss Vernell Perkins entertained a company of friends from 2 to 4 o'clock Saturday afternoon at the Sandusky fruit farm. The time was spent in playing games and refreshments were served. Besides the hostess there were present Misses Dowling, Margaret Lukeman, Mary Isabelle Smith, Esther Dunlap, Mary Elizabeth Phillips, Audrey Ornellas and Nadine Perkins.

Surprise Party  
for Evelyn Nunes.

Miss Evelyn Nunes was given a pleasant surprise party at the home of her cousin, Miss Esther Nunes, Thursday evening. The occasion was the birthday anniversary of the guest of honor. In the games, prizes were won by Elsie Kaufman, Helen Wyatt, Henry Crews and Virgil Flynn. Refreshments were served at a late hour.

Those present were Misses Bertha Peet, Edyth Forwood, Laura Souza, Effie Sheppard, Helen Wyatt, Mary Baptist, Esther Nunes, Rachel, Elsie and Elizabeth Kaufman and Messrs. Anderson Kitchin, Henry Crews, Dewey Kitchin, Clarence Blackburn, Harold Nunes, Earl Sturdy, Byron Waterfield, Virgil Flynn, Amos Nunes, Willard Hall, Russell Cook and Ralph Nunes.

Pleasant Birthday Surprise.

A double birthday surprise was tendered Miss Gertrude Manchester and Miss Dora Conlee Friday evening at the home of Miss Manchester on South Main street. The event was planned by friends of the two young women and the date was set far enough ahead of the birthday anniversaries that no thought of suspicion arose. About fifteen were present for an evening of genuine enjoyment.

## From Dr. Carson's Patients

Some years ago, had a severe illness and was operated on at the hospital for so-called gallstones. The decision was made then that I had no gall stones and they sewed me up in a hurry and sent me home to die, saying I had eleven cancers on the liver. I was advised to consult Dr. C. W. Carson, the Chicago Specialist, who after a thorough course of his treatment discharged me as well. I have worked hard every day for the last four years and can say I am better than most men of my age. Feeling so grateful for what he has done for me, I would like to be the means of helping others to get well.

Walter Schuman, Beardstown, Ill. I called on Dr. C. W. Carson eight years ago to consult him in regard to my condition, as at that time I was suffering a great deal of pain and was scarcely able to get around. Other doctors had failed to give me any relief. I took Dr. Carson's advice, and for a good many years have been so well that I feel it my duty to add my testimonial to many others of his grateful patients.

Mrs. Sarah A. Brower, Havana, Ill. I treated with Dr. C. W. Carson some years ago for stomach and nerve troubles and can recommend him to others who are affected that

way. I feel as though I could not have lived longer if it had not been for his treatment, as other doctors could not give me much relief.

Mrs. Anna Langdoe, Onarga, Ill. Having been troubled with nerve and heart trouble, so that for the last few years I was unable to work steadily or with any comfort and not getting relief, I consulted Dr. C. W. Carson, the Chicago Specialist. He said if I would follow his course of instructions and treatment, I would feel like a different person. I am happy to say that I am now feeling better than for years. Have no discomfort whatever and gladly recommend Dr. Carson to anyone.

C. L. Peck, R. F. D. 1, Viola, Ill. For a great number of years I was troubled with stomach and bowel trouble so much and so badly I was unable to eat and often to do the ordinary housework. My system had become so poisoned that one of our local doctors said that a few drops of my blood injected into a rabbit would kill it. I consulted Dr. Carson, the Chicago Specialist, and after taking one year's treatment from him can say my stomach is in better condition than it has been for 20 years. Will be glad to answer any inquiries addressed to me. Mrs. Thos. Sioane, Lewiston, Ill.

#### GIVE NOTABLE ART EXHIBIT.

Miss Margaret Brown has been highly complimented by having two of three photographs of her production hung at the exhibition of the National Arts Club of New York City. One subject is "A Boy On the Beach" and the other is "The Throng at Long Beach." Miss Brown is now occupied as an assistant in the art work in the popular gallery of Struss in New York City. She submitted three of her pictures, as stated, and two were deemed worthy of places on the wall at the exhibition.

The National Arts Club, East Nineteenth street, New York City,

under the auspices of the American Institute of Graphic Arts, has been collecting for an exhibition photographic productions, both from professionals and amateurs. The exhibition has shown the evolution of photography from the days of Daguerre down to the present time with the latest developments in color photography and the popular soft focus work. The productions of some famous early workers, such as D. O. Hill of Scotland, Mrs. Cameron of England have been shown along with some war time pictures, including some of Lincoln and other notables. The object is to stimulate and encourage art and an exchange of views.

## Literary Digest's Poll Indicates United Republican Party

The Literary Digest in its issue of October 28 printed an epitome of political reports from 3,000 communities made in response to an invitation it made a few weeks ago. These reports were taken without following any general plan and were printed for what they were worth. Supporters of both Hughes and Wilson could find comfort in some of the reports. The Digest, which is absolutely non-partisan, expressed no opinion in the matter, but certain unreliable Democratic sheets have been printing excerpts from the articles in which they attempt to show that it forecasts the election of Wilson, notwithstanding the fact that the Digest says: "The figures returned by our correspondents give Mr. Hughes the majority over Mr. Wilson from Maine to Virginia."

The issue of the Digest of November 4 contains the result of a poll made by it of its subscribers in five states in which poll the Democrats can find no grain of comfort at all and in order to throw dust in the eyes of the voters are printing extracts from the former issue. The Digest sent its subscribers in the great states of New York, New Jersey, Ohio, Indiana and Illinois, all of which are claimed by the Democrats as doubtful states, a stamped return postal card asking its subscribers to indicate thereon for whom he voted in 1912 and for whom he would vote in 1916 and return the card.

It received 30,000 replies which give Hughes a total of 17,938 and Wilson 10,646. This poll shows that Hughes will receive practically all of the Roosevelt and Taft vote of

1912 and that while there is some shifting between the parties that Hughes will receive as many votes from other parties as Wilson will receive from other parties.

In New York in 1912 Wilson's vote was 190,024 less than the combined Roosevelt and Taft vote. The Digest poll gives Hughes 4335 and Wilson 2085.

In New Jersey in 1912 Wilson's vote was 61,956 less than the combined Taft and Roosevelt vote. The Digest poll gives Hughes 3315 and Wilson 1761.

In Ohio in 1912 Wilson's vote was 73,242 less than the combined Taft and Roosevelt vote. The Digest poll gives Hughes 3653 and Wilson 2893.

In Indiana in 1912 the Wilson vote was 31,384 less than the combined Roosevelt and Taft vote. The Digest poll gives Hughes 2572 and Wilson 1615.

In Illinois in 1912 the Wilson vote was 135,043 less than the combined Taft and Roosevelt vote. The Digest poll gives Hughes 4062 and Wilson 2290.

In the five states with an electoral vote of 127, which is nearly half of the 266 votes necessary to elect, Wilson in 1912 received 595,608 votes less than Taft and Roosevelt.

The Digest poll clearly shows that Hughes will receive almost all of the Taft and Roosevelt vote of 1912 and is gaining as many votes from other parties as he is losing to Wilson from former supporters of Taft and Roosevelt and that it will be utterly impossible for Wilson to overcome the tremendous odds against him by reason of the reunion of the Republican party.

#### REPUBLICANS HAD MEREDOSIA MEETING

Big Crowd Heard Speeches Made in Park Saturday Night.

An enthusiastic Republican mass meeting was held in Meredosia Saturday night. The weather, almost like summer, made it possible to have the speaking in the park. The Meredosia band furnished music and there was a big audience present. In the absence of H. L. Deppa, central committeeman, Frank Taggart presided and introduced the speakers. Senator E. S. Smith of Springfield made the principal address, in which he discussed the main issues of the campaign. The senator declared that all facts available give the strongest kind of indication of a sweeping Republican victory, national, state and county. After Senator Smith's address Fred B. Henderson, candidate for circuit clerk, and Carl E. Robinson, candidate for state's attorney, both spoke briefly. Altogether it was a very enthusiastic meeting.

#### BEAN BAG LATEST VICTIM OF LIVING COST

Maker Submits Proposal to Substitute Cherry Pits for Beans.

Chicago, Nov. 4.—The bean bag, for years a feature of play in public schools of the country, is the latest victim of Old High Cost of Living. The proposal of a bean bag maker to the Chicago board of education to substitute cherry pits for beans in the manufacture of bags, revealed the shortage of beans.

Increase Price of Newspapers. New York, Nov. 4.—The high cost of print paper and other material was given today as the basis for a decision of the five big Jewish dailies

here to raise the price of their newspapers from one cent to two cents.

Prefer Expensive Merchandise. New York, Nov. 4.—Despite high prices there is a notable preference among women shoppers here for the more expensive merchandise, according to a canvass of department stores made by a trade paper.

#### Advance Price of Bread.

Charleston, W. Va., Nov. 4.—Another advance in the price of bread has been announced by local bakers. Loaves which formerly sold for ten cents each will hereafter cost hotels and restaurants 12 1-2 cents and the smaller buyer 13 cents.

#### Curtail Sauerkraut Production.

Pittsburgh, Pa., Nov. 4.—Cabbage prices are so high at present that many makers of sauerkraut in west-

ern Pennsylvania declare their intention of curtailing production unless values come down.

Pig Iron Advances. Pittsburgh, Nov. 4.—Pig iron prices continue to advance in the Pittsburgh district. \$1 a ton having been added in the last day or two.

Walter Oddy of Alexander returned Saturday from North Dakota, where he has been for ten weeks visiting at the home of George Patterson. Mr. Oddy enjoyed his stay in the north country very much and states that farming conditions there this year are prosperous.

## NEW STATE ST. PASTOR OCCUPIES PULPIT TODAY

Rev. R. B. Wilson Comes to Jacksonville with Excellent Record—Hillsboro People Loathe To Lose Him.

Rev. R. B. Wilson

Rev. R. B. Wilson, new pastor of State Street Presbyterian church, will occupy the pulpit of the church today both morning and evening. Mention has previously been made of the arrival of Rev. Mr. Wilson and his family and they are now established at their home, 514 West College avenue. Mr. Wilson and Mrs. Wilson are both graduates of the Cedarville (O.) college. Subsequently Mr. Wilson took his theological course at McCormick seminary. The minister's first charge was in Crosswell, Mich., where he remained for three and a half years. Then he took the pastorate of the Presbyterian church at Hanna City and from there removed to Hillsboro, where he has been in charge of the church for six years.

When Mr. Wilson went to that city the church had a membership of 300 and when he left to assume the State Street pastorate that number had been increased to 500. During his stay there he was the leader in the movement which resulted in the building of a \$30,000 church. This instance proved an exception to the general rule that when a minister builds a new church it is about time for him to seek another pastorate. The church was completed two years ago and when Mr. Wilson accepted the call to the State Street pastorate it was over the objections and protests of the church at Hillsboro.

In coming to Jacksonville Rev. Mr. Wilson feels that he has the opportunity for work and he is entering upon his ministry here with great earnestness and zeal. The people of State Street feel that they have been very fortunate in securing his services and his ministry here has opened very auspiciously.

## LISTEN, ABOUT THE ELECTION

Almost every body is coming down town Tuesday night to get the election returns. You will naturally want something to eat. We will be ready to serve you with oysters, hot coffee, sandwiches, hot chocolate and hot chili. Sodas, sundaes, candy etc. Don't forget the place. Merrigan's.

## ALMOST UNANIMOUS FOR HENDERSON IN HOME PRECINCT

Seventy one Republican votes were polled in Arcadia precinct in the recent primary and sixty nine of them were cast for Fred B. Henderson, Republican candidate for circuit clerk. That's what the people think of Fred B. Henderson in the precinct where he has spent all his life. No stronger testimonial of a man's character and standing could be given. Those long time friends and neighbors of Mr. Henderson made it a point to get to the polls that day to cast a ballot for him and they are just as enthusiastic about his election next Tuesday.

Mr. Henderson has been making an active canvass and the indications are very favorable for his success. Born in Morgan county on a farm, all thru the years he has continued his farming work but has engaged in other business as well. Various appointive positions have schooled him in experience which would be of value to him as circuit clerk. Competent, careful, courteous, these are the words which well describe Mr. Henderson, and a vote for him Tuesday will favor a man well qualified to serve in the office of circuit clerk.

## BIG SELIG PLAY COMING TO SCOTT'S

Rex Beach's "The Ne'er-Do-Well" Is a Great Film Play—Features Kathryn Williams.

When the Selig company set out to film "The Ne'er-Do-Well," by Rex Beach, author of "The Spoilers," "Silver Hordes" and other novels, W. N. Selig decided that in order to get the real atmosphere described in the book, it would be necessary to send his company of players to Panama.

A great many obstacles were encountered from time to time. The Selig company were taken for a bunch of revolutionists, and were treated as Yankee invaders, murderers, spies, street rioters, etc.

However, the co-operation of the government was secured, and after remaining there for six months the company brought back a ten-act picture which is considered by press and public to be one of the greatest film dramas ever produced. During the course of the production we see the digging of the great canal, the same railroad and the automobiles described by Rex Beach in the book, the Chiriqui prison, which was built by the Spaniards in 1671, the famous Lotera Panama, the Island of Tobago and the wonderful ruins of the original capital of the lands on the Spanish main which the British buccaneer, "Morgan," destroyed in 1670.

The production is full of action, thrills, and altho it takes two and one-half hours to run, one incident follows another and the interest is unusual and sustained thruout.

There is a wonderful fight that equals the fight in "The Spoilers."

The Story.  
"The Ne'er-Do-Well" features Wheeler Oakman and Kathryn Williams and an all-star cast.

The hero is Kirk Anthony, a college graduate and veteran football player, and since graduation the coach of his university team. On the evening following a football victory, Kirk and others start out to celebrate. Late that night he finds himself on shipboard, and when he awakens he is without money and without baggage.

During the voyage, Kirk becomes acquainted with a woman—a Mrs. Stephen Cortlandt—whom he learns to admire very much. She is really a diplomatic agent of great influence. One day while Kirk is out hunting he meets in a forest bower a Spanish girl, who is known only as "Chiquita." He falls desperately in love with her, and tries vainly to discover her identity.

The story of his making good, of his winning of Chiquita despite the counter-plotting of Mrs. Cortlandt, of the clearing of his name, and of the final decisive intervention in Panamanian affairs of old Darwin K. Anthony is strongly engrossing and varied by many richly humorous episodes.

Chiquita is by far the most charming feminine character Rex Beach has drawn, and Kathryn Williams, as Edith Cortlandt, is an exceeding, convincing and fascinating type.

"The Ne'er-Do-Well" will be shown on Monday and Tuesday, November 6 and 7, at Scott's theater. "The Ne'er-Do-Well" is really worth \$2.00 per seat. Adults, 25c, children, 10c.

## CHARLES MAGILL A MORGAN COUNTY PRODUCT

Forty seven years ago Charles Magill arrived in Morgan county, out on the old Magill farm a mile and a half southeast of Arnold. Mr. Magill's closest friends will know that that means that he has spent his entire life in this community. He is still living on the home farm with his mother, Mrs. James Magill. For the fifth time Mr. Magill is now filling the office of clerk in road district No. 8 and is accounted one of the best posted road officers in the county. An accurate knowledge as to road conditions and the best methods for highway improvement will be of great value to any man serving on the county board. Mr. Magill's knowledge of public affairs is not limited to road district positions and he has the further qualification for the position which he is seeking of being a successful farmer and business man. He has no lodge connections but is a member of Pisgah Presbyterian church and a man who has high standing in the community where he has lived so many years.

To select Mr. Magill for commissioner next Tuesday will mean that both parties will have representation on the county board and this in itself is an excellent point in Mr. Magill's favor. The Republican party takes pleasure in recommending Mr. Magill to the voters of this county.

## TRAVELING MAN TELLS OF MEXICAN CONDITIONS

U. S. Held in Derision Across the Border While Europeans are Respected—Great Suffering Among Mexicans.

In Jacksonville today is a gentleman who has had a great variety of experiences. He is Douglas Kislinsky, son of the late Capt. F. F. Kislinsky and related to the lady of that name living on East State street. The father was commander of Co. H, 11th U. S. Infantry and second in command of the ill-fated Greeley Arctic expedition of 1881 and lost his life in the far north. From 1877 to '81 he was a lieutenant at old Fort Custer. He saw service in many other places before going with Greeley. The Hardin, Montana, Tribune gives a graphic account of a visit made by the son at the old home near Fort Custer.

Mr. Kislinsky is now traveling for a confectionery house and has a wide territory. He has for some time been on the Mexican border and very much in Mexico and has traversed nearly the whole of the border and has visited many Mexican places, has most carefully and intelligently studied conditions and has made up his mind accordingly.

**Fearful Conditions.** He says conditions in Mexico are dreadful. Starvation stares many in the face and the future is hard to predict. All along on every hand he met with evidences of the contempt with which persons from the United States are regarded along with Chinese. Wilson is regarded as a man without nerve and backbone, afraid to take a firm stand and sits supinely by while citizens of this country and their families are ruthlessly murdered and then folds his hands and complacently says he has kept the country out of war. No respect whatever is had for any one or anything pertaining to this country for the Mexicans know nothing will be enforced.

Had President Wilson taken a firm stand at the beginning there would have been no trouble. Instead of saving life, as he and his supporters seem to think, he has sacrificed hosts of lives. There is no trouble with Germans and Englishmen down there. Mr. Kislinsky saw many German business houses and the proprietors had no fears at all for the Mexicans know it is safer to let them alone but they can murder persons from this country at will and Mr. Wilson writes a note and Carranza or Villa can use it for a passport. In a number of places he saw large pictures of the German emperor in military dress and once when he visited a Mexican city he was taken for a German and not molested. He says the feeling all along the border where our people have so suffered is one of no confidence whatever in the chief executive.

**Inexperienced Diplomats.** In San Antonio he saw twelve American consuls who had been obliged to leave Mexico. One trouble too with Wilson's diplomats is the fact that they are inexperienced and incapable of handling the situation and innocent people have to suffer for it. Mr. Kislinsky says if Wilson had taken a firm stand at the beginning when our men were arrested in Tampico he would have had no trouble but would have saved life. Then the Mexicans were poorly armed and prepared for war but they were not brought to time while our chief executive spent his time writing notes and in watchful waiting, permitting people from his land to be murdered. Instead of saving life by not invading Mexico he has sacrificed it in large measure.

The visitor left at the Journal office the remains of an exploded shell which was fired by Villa's forces when shelling Agua Prieta, Mexico. He had been warned by the U. S. authorities to fire parallel with the American side but this shell went right across and burst in the back yard of the consul. It is a three inch shrapnel and a costly affair. It is made of steel copper and brass, has a time arrangement for bursting and travels 1700 feet a second initial velocity. It has 24 lead balls inside and the havoc they may make is great. It will be seen in the Journal office window today along with some missiles shot from rifles showing the Mexicans had our Krag Jorgensen rifles and a lot more of supplies from the U. S. while the chief executive was doing his patient waiting and writing notes.

He has a lot of pictures taken

while amid scenes fearful and heart rending. The opinions of Mr. Kislinsky are of weight because he is in no sense a politician and has spent months studying conditions at first hand.

If you should back your political judgment with a hat wager, bear in mind the largest assortment of hats are shown by Frank Byrns Hat store.

### WINCHESTER

Winchester, Nov. 4.—Mr. and Mrs. N. E. Tinney of Roseville are visiting at the home of Mr. and Mrs. M. A. Henderson.

Mrs. Essie McKeene of Springfield arrived Saturday for a visit with her parents, Mr. and Mrs. Peter Obermeyer.

Harry Allen of Detroit, Mich., is visiting his parents, Mr. and Mrs. S. A. Allen. Misses Della and Mary Smith, who have been visiting friends in Bluffs and Winchester, expect to return to their home in St. Louis today.

Mrs. George Stuart gave a reception Saturday afternoon to the ladies of the Baptist church, in honor of Mrs. T. C. Hill. Within a short time Mr. and Mrs. Hill are to leave for Decatur to make their home. The ladies presented Mrs. Hill with a beautiful cut glass bowl. Samuel Rimbey of White Hall was a business visitor in Winchester Saturday.

The teachers' meeting closed Saturday afternoon. The attendance was very good both days and the program was excellent. It being impossible for J. A. McKee to be present Saturday afternoon, Rev. C. W. Caseley took his place on the program and gave a very interesting talk. An excellent address was given by Edgar Packard of the Illinois state normal university. It was highly appreciated by the teachers.

## JOURNAL PLANS FOR ELECTION RETURNS

Double Wire Associated Press Service Ready for Tuesday—Bulletin Board and Stereopticon Will Display Results as Rapidly as Received.

Election returns will be received and posted by The Journal election night, November 7, as usual. The Associated Press has made elaborate preparations and their service will be of the same high order as in the past.

The Journal will have two wires. One wire will be used exclusively for election bulletins, while the other will carry figures after they have been tabulated in the Chicago and New York offices, and the regular run of news.

The first wire will carry the general run of news in addition to election returns, and will be used exclusively for sending news out of Chicago. No news from downstate will be sent over this wire. The second wire will carry election bulletins from points downstate, these returns being received by all points as they are being sent to Chicago. All the large Chicago newspapers, which are members of the Associated Press will co-operate with that organization in compiling election returns.

The following towns will be on the first wire: Peoria, Bloomington, Decatur, Quincy, Springfield, Danville, Jacksonville, Cedar Rapids, Davenport, Waterloo, Moline, Rock Island, Aurora, Dubuque and East St. Louis.

Second wire: Bloomington, Danville, Decatur, Springfield, Alton, East St. Louis, Moline, Rock Island, Davenport, Dubuque, Cedar Rapids, Waterloo, Ottumwa, Des Moines, Quincy, Aurora, Freeport, Jacksonville and Peoria.

By having two wires The Journal will be able to cover the national and state elections with more than ordinary speed. If you want up-to-the-minute election returns watch The Journal bulletin boards.

In addition to the bulletin board service returns will also be shown with a stereopticon.

## MANY ENDORSEMENTS FOR SANATORIUM

Plan to Provide Means for Fighting Tuberculosis Receives Hearty Support In City and County.

The proposition of establishing a county tuberculosis sanatorium has received much favorable endorsement during the course of the campaign, and it is doubtful if any proposal which has ever come before the voters of the county has received such universal approbation as this vital effort to stamp out tuberculosis and to save human life. The sanatorium question will come before the men and women of the county next Tuesday endorsed by the following newspapers and organizations, a partial list only of which has been secured:

Jacksonville Journal.  
Jacksonville Courier.  
Waverly Journal.  
Mercedia Journal.  
Mercedia Budget.  
Franklin Times.  
Democratic Central Committee.  
Republican Central Committee.  
Woman's Democratic County Committee.  
Morgan County Medical Association.  
Ministerial Association.  
Union Parent-Teachers Association.  
County Federation of Woman's Clubs.  
Illinois State Board of Health.  
County Superintendent of Schools.  
City Superintendent of Schools.  
County Commissioners of Morgan County.  
Morgan County Anti-Tuberculosis League.  
State Association for Prevention of Tuberculosis.  
City and county churches.  
I. O. O. F. Lodges.  
Modern Woodman Lodges.  
Lebeca Lodge No. 625.

Various other lodges and organizations whose names were not secured in time for this issue, have passed resolutions recommending that their members vote for the sanatorium.

This strong note of popular approval stamps the movement as one meeting a real need in the community, and whether the voter considers the matter from either a selfish or an altruistic standpoint he should by all means place his "X" where it will mean a vote, FOR the sanatorium.

### FIRE DAMAGED HOUSE ON MORTON AVENUE

Loss on Property Owned by E. N. Kitter Will be About \$1,000.—No One at Home When Fire was Discovered.

Fire which probably originated from a defective chimney partially destroyed the residence property at 533 East Morton avenue about 9:15 o'clock Saturday evening. The property is known as the old Jameson property and is owned by Edward Kitter and occupied by Edward Mills. So far as could be learned no one had been in the house since 6 o'clock. The house is a large structure and there was a stove in the sitting room in the rear which contained a fire. It was in that part of the house that the fire started. A man coming into the city in an automobile on the Morton road saw the flames while a considerable distance from the city. When he got to the city he reached a telephone and turned in an alarm.

It was a long run for the department and when it arrived the entire rear of the dwelling was in flames. Quick work soon extinguished the blaze. The loss to the dwelling probably will be \$1,000 and all of the furniture in the rear part was destroyed. Mr. Mills was fully covered by insurance. It is not known whether Mr. Kitter carried any insurance on the building.

## FREE 1000 POUNDS COAL With Every FREE Round Oak Heater or Range

Warmth and Comfort for Snappy Winter Months

Always a Good Buy

In selecting your base burner why not combine these two ideas, warmth and comfort? Did you know in the selection of the ordinary base burner you simply have warmth? The air is as dry as a bone. Such heat robs the family of health and vitality. Compare this condition with the genuine Round Oak Base Burner. Remember Moisture is Essential to Health. The Round Oak Folks have built into this hard-coal stove a water pan of proper size and ideal location so that it returns to the air the moisture stolen during the process of heating. The air in your home will be as balmy as in June.

### Our New Cast Range

There are those who said the Round Oaks Folks would not make for us a cast-iron range exactly as we wanted. We prophesied they would. They did, and we have it. It is incomparable — you must see it to appreciate all its advantages. It's tight for life, sanitary and most convenient. Don't delay in seeing its exclusive improvements.

### AUTUMN SERIES OF I. W. C. RECITALS

Faculty of Woman's College Are  
Giving Series Remarkable For  
High Standard of Work.

The principal event at Illinois Woman's College last week was the recital given in expression by Miss Millicent Rowe. A splendid audience, which filled every available space in the hall, was most generous in its applause of her unusually strong work. Miss Constance, head of the Department of Expression, will give her recital on Monday, November 27.

Miss Constance will present a war program. She has selected numbers which deal with the situations and emotions of war times.

Thursday evening, Nov. 9th, will occur the first violin and piano recital for this year, the program being given by Mrs. Rosalind M. Day, violin and Mr. Henry V. Stearns, piano. Mrs. Florence Pieron Hartmann will assist. The program deals with the work of the early French and Italian composers. All are cordially invited to attend.

December 14, Mrs. Day will give a violin recital. She will be assisted by her regular accompanist from St. Louis.

The series of autumn recitals was begun by Mr. Carl F. L. Jensen and the second number was the voice recital by Mrs. Bess M. Lenz, October 19. Each member of the autumn series has been attended by large and enthusiastic audiences and music loving people of the city are anticipating the musical treats which remain in store.

### NOTABLE BIRTHDAYS TODAY November 5

Ida Minerva Tarbell, famous journalist and author, whose letters on the National Republican convention at Chicago last June were widely read throughout the United States, is 59 years old today. Miss Tarbell was born in Erie County, Pa., and was educated at Allegheny college and at the Sorbonne and College de France, Paris. Her identification with the exposures of the Standard Oil Company, her later service as a prolific writer for the progressive and "muckraking" magazines, and her succession of books dealing with woman's place in modern society, have made her a national figure, despite her refusal to use her influence and to cast in her lot with the distinctively political woman's movement. Her lives of Lincoln and of Napoleon have given her additional reputation as a skillful re-teller for the masses of the careers of large figures in history.

Dr. George A. Reisner, noted Egyptologist, whose recent discoveries relative to ancient Ethiopia have been widely discussed, 49 years old today.

Dr. William J. Boone, founder and President of College of Idaho, 56 years old today.

Judge Edward D. Burke of the Supreme Court of North Dakota, 46 years old today.

Prof. Benjamin B. Warfield of Princeton University, noted theologian, 65 years old today.

Congressman Nicholas Longworth, son-in-law of Roosevelt, 47 years old today.

Congressman Augustus P. Gardner of Massachusetts, who has strenuously preached "preparedness" to the U. S. since the beginning of the war, 51 years old today.

Mrs. A. O. Cory and daughter Lucille of Baylis and Mrs. L. G. Crouse of Murrayville are visitors at the home of their mother, Mrs. Robert Large on West State street. Mrs. Large has been very ill the past few days.

## EXODUS OF VOTERS FROM WASHINGTON

Large Number Leave National Capital To Cast Ballots At Home—Civil Service Has Lessened Election Interest.

Washington, D. C., Nov. 4.—The general exodus of voters from the District of Columbia began in earnest today. From every department men have been granted leave to go home to cast their ballots on election day. The outgoing trains tonight and tomorrow will carry several hundred voters in addition to those who have already left the city. Many clerks use their annual leave of absence for this purpose, and it is difficult to estimate the exact number of voters who will have gone home by Tuesday.

Since the civil service has been extended to virtually all of the principal departments of the government the number of clerks and other employees retaining a voting residence in the states from which they come, has steadily decreased. The reasons for the decrease are obvious. As the employees under the civil service rules are sure of retaining their positions irrespective of any changes in the administration, they no longer have the same incentive to participate actively in politics that they had in the days when "to the victor belongs the spoils" applied to practically every position in the service of the federal government. Another very potent reason for the decrease in the number of department clerks going home to vote is to be found in the abolition of the old custom of giving free railroad transportation. In the days when the campaign barrels were heaped high with contributions that the law did not require to be made public, the national campaign committees of both parties were ready and willing to furnish a railroad ticket to any Washingtonian who had a vote in some one of the states and was willing to cast it for the "right" candidate.

**Number Larger Than Usual.**  
However, there are many clerks who still go home to vote, and in the coming election the number promises to be larger than for some years past. Those retaining a voting residence in those states which are classed as "doubtful" have been urged by the party leaders to avail themselves of their rights of franchise. Already several hundred of them have left the city, and it is expected that many more will go within the next two days. Those living in nearby states will not leave until tomorrow night or Monday.

The thinning out is not so noticeable as in the days before the civil service era, when position depended absolutely upon political activity, but a sufficient number still adhere to the old custom to make their absence noticeable. All the heads of departments will go home to vote, and the example set by them will be followed almost uniformly by the chiefs of bureaus and department divisions.

The Capitol Building will be practically deserted on election day. None of the official positions in that building is subject to civil service rule and most of them are held as a result of personal political service. As a consequence, the occupants have in many cases been quite as much occupied with political affairs as have been their superiors.

The supreme court of the United States constitutes one exception to the general rule prevailing at the capital. That tribunal is going forward as usual with its business, but even the members of the court have shown themselves to be not totally divorced from the general concern in the results of the approaching battle of the ballots. In addition to the fact that political and social life has brought them into close contact with President Wilson, they naturally feel an exceptional personal interest in Mr. Hughes, who until recently was one of their colleagues on the bench, and, regardless of political leanings, they have not hesitated to follow the progress of his campaign with close personal interest.

## STERLING CONFIDENT ON EVE OF ELECTION

Republican State Chairman Sees Illinois Majority for Hughes and State Ticket 150,000.

Chicago, Ill., Nov. 4.—"Hughes and Lowden will carry Illinois by 150,000 plurality next Tuesday." This is the emphatic prediction regarding the result of the November election by Fred E. Sterling, chairman of the Republican State Committee. "My estimate," continued Chairman Sterling, "is based on careful polls of the men and women voters by downstate and Cook county organizations. Every effort was made by the canvassers to obtain accurate figures on which to base their estimates. Unusual conditions prevailed this year on account of there being so many first voters to be considered in the national election, for the women must be regarded as first voters, this being the first presidential election at which they have been permitted to vote in Illinois. It will, therefore, be interesting to give a resume of the presidential vote for the last four elections with the majorities for the winning candidates.

"1900—McKinley, 597,985; Bryan 503,061; McKinley's plurality 94,924.  
"1904—Roosevelt 632,545; Parker 327,606; Roosevelt's plurality 304,939.  
"1908—Taft 629,932; Bryan 450,810; Taft's plurality 179,122.  
"1912—Taft 258,593; Roosevelt 386,478; Wilson 405,048; Wilson's plurality 18,570.

"At the last four presidential elections the average male vote has been 1,127,456. Add to this the approximate woman's vote of 700,000, the total vote on the presidency in Illinois should be in the vicinity of 1,800,000. In two normal elections the Republican male vote averaged 53 per cent of the total vote. If past voting conditions hold good next Tuesday as our polls indicate they will, there should be approximately 583,000 male votes for Hughes and 371,000 women votes, giving him a total of 954,000 votes in the state. In two elections, when Democratic conditions were apparently normal, the vote for the Democratic candidates was 44 per cent of the total vote. On this basis Wilson should receive 484,000 male votes and 308,000 women votes or a total of 792,000 votes. This would give Hughes a plurality of 162,000. The remaining 3 per cent of the votes is scattered among the other party candidates.

"Our polls indicate that Lowden will run ahead of Hughes but even on the foregoing basis his plurality over Dunne would be 99,000, as the women cannot vote for governor. I anticipate, however, that Lowden's plurality will be in the neighborhood of 150,000. He and the entire state ticket will be elected. I think we will gain three congressmen and we will have a safe working majority in both houses of the legislature. This is surely a Republican year in Illinois."

## ILLINOI SPRINGS BIG SURPRISE OF SEASON

BLASTS MINNESOTA'S HOPES FOR CLEAR CLAIM TO TITLE

Illinois humbles the Reputed Powerful Gophers 14 to 9—Illinois Whirls into Gophers at Outset With a Flash of Speed that for a Time Demolished Minnesota's Defensive.

Minneapolis, Minn., Nov. 4.—Minnesota's hopes for a clear claim to the western conference football championship were shattered today, when Illinois, already defeated by Ohio State, sprung one of the biggest surprises of the gridiron season by humbling the reputed powerful Gophers 14 to 9. Illinois scored two touchdowns in the opening period and kicked two goals, while Minnesota counted its nine points with a touchdown, goal from touchdown and a safety in the third period.

Minnesota made several costly fumbles and Illinois was penalized several times for an offense and for holding. A record crowd witnessed the game. At the outset, Illinois whirled into the Gophers with a flash of speed that for a time demoralized the Minnesota defense. The interstate shift many of which resembled Minnesota's style of play and spectacular forward passes puzzled the Gophers and in the first few minutes of play, Illinois had rushed the ball to within striking distance and Macomber shot across for Illinois' touchdown. He also kicked goal.

In the same period Kraft intercepted a forward pass and twisted thru a broken field fifty yards for Illinois' second touchdown. Macomber again kicked goal.

In the second period the play sawawed and vigorous attempts by Minnesota to rip open the Illinois line were for the most part unsuccessful.

The third period Minnesota opened up with a series of forward passes, fake formations and straight line plunges, which advanced the ball consistently to Illinois three yard line where Sprafka was sent across for the Gophers' lone touchdown. Boston kicked goal.

Two minutes later Boston's punt was fumbled by Sternaman, the ball rolling across the Illinois goal line where Sternaman fell on it for a safety, counting Minnesota two points. A short time later when within striking distance of the goal line Minnesota lost the ball on downs.

With but five minutes of play remaining Sprafka, Wyman, Long and H. Hansen worked the oval to Illinois' 15 yard line and until the final whistle, the two teams battled fiercely.

### HOWARD BEATS DOWN VIRGINIA'S DEFENSE

CAMBRIDGE, Mass., Nov. 4.—Harvard's football team beat down the offense of the University of Virginia today for a total of 31 points, the Crimson's high score of the season, while an impenetrable defense held the southern team at midfield the entire game except for a few moments. The contest was a remarkable exhibition of Harvard's secondary strength as six of the eleven men who started the game against Cornell were not called into play at any time and the Crimson still presented three almost complete teams. As a result it is evident that Harvard will go into the Princeton game well equipped in players.

Several touchdowns were made with goals from six of them, and Bond also kicked a field goal standing 32 yards away. In principal the Harvard plays were rudimentary. In execution they seemed almost impossible of solution by Virginia's team.

In 25 rushes Virginia advanced only 33 yards. The toe of Thurman, who gave up ambulance driving at the front in France to return to school, proved the most prominent in the game. Averaging nearly fifty yards to the kick from the rush line he booted Virginia out of danger many times.

### NEBRASKA DEFEATS IOWA.

Lincoln, Neb., Nov. 4.—In a game marked by much fumbling on both sides, Nebraska defeated Iowa State college of Ames today by a score of 3 to 0 and thereby retaining the championship of the Missouri Valley conference. A field goal by Chaplin Corey of the Cornhuskers in the third period was the total of the day's scoring. The goal was executed from the Iowa fifty-yard line, and came at a time when Nebraska's hopes were all but shattered. The advantage was with Ames in the first two periods, but with the ball on the Nebraska ten-yard line fumbles lost the visitors an opportunity to score.

Dr. and Mrs. J. H. Fountain and grandson of Chapin were Saturday visitors in the city.

### OHIO INCREASES ITS CHANCES FOR TITLE

COLUMBUS, Ohio, Nov. 4.—Ohio State University increased its chance of winning the western conference football championship by defeating Wisconsin University 14 to 13 here today. The Buckeyes are now tied with Northwestern, the only other undefeated eleven in the conference.

These teams meet November 25.

Ohio won from Wisconsin thru the spectacular playing of Harley, right halfback, who made both touchdowns, the first by a end run of twenty-seven yards in the second period and the second by an eighty-yard run directly thru the Badgers' line in the fourth period after catching a punt. Wisconsin scored in the second period and with eight minutes left to play after Harley's feat, drove thru Ohio with straight football for a touchdown. Simpson punted out to Taylor, who failed to catch a punt. The teams were evenly matched on line playing, with Wisconsin showing better organization.

### GRINNELL DOWNS DRAKE.

Des Moines, Iowa, Nov. 4.—Grinnell College downed Drake University in a hard fought game here today, 21 to 0.

### SUFFERS FRACTURED VERTEBRAE.

Appleton, Wis., Nov. 4.—Pepa, right tackle for Stevens Point suffered a fracture of a vertebrae in his neck in a football game here today which Lawrence College won 26 to 0.

### STATES INTERESTS WILL TRY TO BUY WORKINGMEN.

Cleveland, O., Nov. 3.—William G. Lee, president of the Brotherhood of Railroad Trainmen, in a signed statement today declared he had received information that "the monied interests will undertake to have railroad employees and other workingmen coerced, bribed or bought away from their intention of desire to vote for the re-election of President Wilson."

Water Oddy and Mr. and Mrs. J. W. Foster of Alexander were arrivals in the city yesterday.

### SPORT NOTES.

"Cyclone" Burns, the heavyweight wrestler, is teaching the Andover football squad how to be gentle in tackling an opponent, even though the victim lives after the attack.

In meeting Yale, Harvard and Colgate, one right after another, the Brown football team is bound to finish the season with plenty of football in their systems.

The Zulu Kid is matched to fight Jimmy Wilde for the flyweight title. A Wilde-ulu battle ought to furnish some genuine excitement.

Manager Fred Tenney, of the Newark International League team, has been given the gate, Newark fans complained that Fred used some sort of an antiquated system of piloting that caused the team to run backwards.

'Tis said that Clark Griffith is to pass up Charlottesville as a training camp and take his Washington team to Cuba next Spring. Charlottesville was all right, except that its name was too long to get into the papers and the players had to train in fur caps and ulsters.

Tom Bello, the Italian bicycle rider who was runner-up in the amateur championship this year, has decided to enter the professional class. Tom opines that pedaling for medals, bric-a-brac, etc., is all right as far as it goes, but it doesn't bring home the spaghetti.

The way Harry Legore, the Yale star, is tearing up the gridiron makes it apparent that he is out to show Princeton and Harvard that he should have been barred from athletics for life.

Barney Dreyfuss, the Pirates' boss, wants a national commission composed of members who have no connection with baseball. If that's all Barney wants he need look no further than the present "commish." Has not the chairman been president of the Cincinnati Reds for years?

As there are only six nights in a week on which boxing shows can be held, the only way Battling Levinsky and Jack Dillon can increase the number of their fight engagements will be for the promoters to stage matinees.

Even having Rutgers' number (they wear 'em on their backs) before the whistle blows, doesn't seem to make it any easier for the opposing football warriors to beat Foster Sanford's gridders.

The American league has been caught with the goods. After all their boasting of how they downed their national rivals, it has become known that American league teams carried 25 men against 21 in the National.

Jack Britton and Ted (Kid) Lewis have met seven times, and now they are going to begin another series of clashes to determine which is the better boxer.

The Dartmouth hockey team is negotiating for the use of St. Nicholas rink in New York, for practice sessions. From Hanover to New York for practice may mean that the Green club welders are to play their scheduled games in San Francisco.

It is estimated that more than 70,000 football enthusiasts will see the Tad Jones-Percy Haughton contest at New Haven Nov. 25.

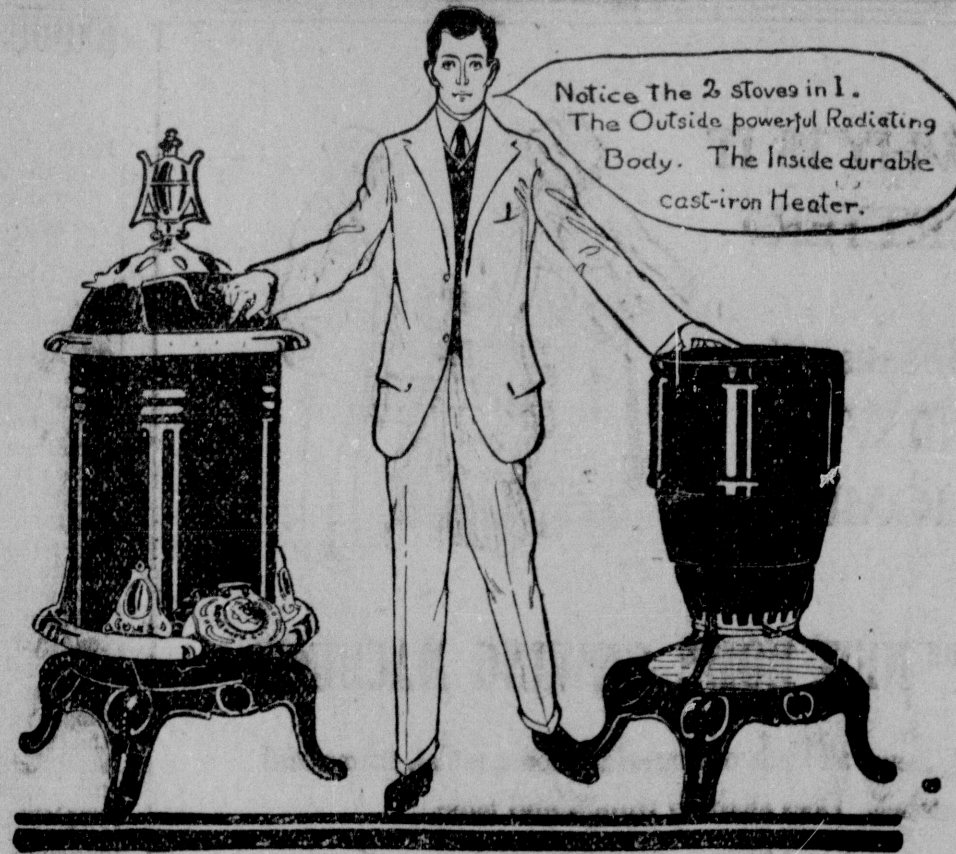

When Clyde Engle defeated Dan McGrath, amateur golf champion of Peru, the other day, the devotees of the ancient game learned that Peru has a golf champion and his name is McGrath.

### MILLIKIN SWAMPS SHURTLEFF.

Decatur, Ill., Nov. 4.—Millikin's eleven continued its winning streak today by defeating Shurtleff college here 57 to 0.

Forty-seven points were made in the first half. Millikin meets Illinois college here next Saturday in the game which will decide the championship of the Illinois Minor College conference.

Richmond, Va.—"After taking seven bottles of Lydia E. Pinkham's Vegetable Compound I feel like a new woman. I always had a headache during the change of life and was also troubled with other bad feelings common at that time—dizziness, nervous feelings and heat flashes. Now I am in better health than I ever was and recommend your remedies to all my friends."—Mrs. LENA WYNN, 2812 E. O Street, Richmond, Va.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Such warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness.

For these abnormal conditions do not fail to take Lydia E. Pinkham's Vegetable Compound.

**Labor Leaders Appeal to Fellow  
Workers to Support Hughes**

Prominent labor leaders of the United States today issued an appeal to their fellow organized workers in all states to vote for Charles E. Hughes for president at Tuesday's election.

Signers of the plea, issued from the headquarters of the Republican National Committee, are: James L. Geron, chairman, general executive board, Patternmakers' League of North America; Daniel S. Jacobs, Cigar-makers' Union, local No. 13, New York City; Matt Comerford, former general president International Union of Steam and Operating Engineers; John Gill, Bricklayers, Masons and Plasterers' International Union of America, local No. 37, New York City; John Williams, former general president United Brotherhood of Carpenters and Joiners of America, local No. 125, Utica, N. Y.; F. Kramer, secretary and treasurer, International Order of Blacksmiths; John A. Metz, president Carpenters District Council, Chicago; Mahlon M. Garland, former president Amalgamated Association of Iron, Steel and Tin Workers; H. L. Fidler, B. of L. E., G. C. of A., Pennsylvania lines west, Indianapolis, Ind.; Frank A. Petridge, sixth vice president Wood, Wire and Metal Lathers International Union; W. O. Jones, local No. 125, United Brotherhood of Carpenters, Utica, N. Y.; former president New York State Federation of Labor; M. O. Woolley, Order Railway Telegraphers, New York Central lines; John S. Strachan, United Association of New Plumbers and Steam Fitters, local No. 105, also president New York State Plumbers Association; Harry Engle, International Iron Moulders Union, local No. 120, vice president New York State Federation of Labor; Robert A. Barber, member executive board of Amalgamated Street Railway Employees of North America, local No. 241; J. J. O'Connor, international president International Railway Clerks Association; and Thos. J. Dolan, former general secretary and treasurer of International Brotherhood of Steam Shovel and Dredgemen.

The labor record of Hughes when governor of New York, the need of a protective tariff, the bitter attitude of Woodrow Wilson toward union labor prior to his election to the presidency and the friendly attitude of Hughes, the recent opposition of President Gompers and the American Federation of Labor to legislative regulation of wages and hours, and the Adamson laws are the chief subjects discussed in the document, which is as follows:

"We earnestly urge every organized worker to cast his vote in the coming election for Charles E. Hughes, the Republican nominee, for president. Because of his demand for systematic and reasoned reform and his strict adherence to principle, our welfare would be safer in his hands. We may realize just how much the former governor of New York sought to accomplish for our benefit while in executive office when it is remembered that during his nearly four years at Albany he: "Asked for a commission to inquire into questions relating to employers' liability and compensation for workmen's injuries—the first step in that direction in America. "Reorganized and extended the powers of the labor department. "Restricted the hours of labor of children. "Promoted the health and safety of employees in mercantile establishments. "Appointed a commission to investigate the condition, welfare and industrial opportunities of aliens in the state. "Compelled the railroads to pay their men semi-monthly, instead of monthly. "Signed a law defending more clearly the application of the eight-hour law to certain kinds of work. "Prevented abuses of persons out of work by employment agencies. "Sought to bring about a six-day working week. "Based improvement in conditions upon full and fair inquiry into the facts before action.

"Nor was he less sympathetic with our aims while a justice of the Supreme Court of the United States. The latter case had already been decided in its essentials two years before his appointment. The opinion upon the technical point of whether the jury trial and assessments against the union had been made in proper form—questions of legal evidence and bookkeeping, which had nothing to do with the right or wrong of the contention that the haters were subject to the Sherman anti-trust law.

"He has opposed the Adamson wage law, recently placed on the statute books by the present Democratic administration, because enacted without the thorough investigation which he has so consistently stood for and because of the relinquishment of the principle of arbitration which we can not give up. That law does not limit the work of a day to eight hours. It provides that the standard of compensation shall be eight hours instead of ten hours. It therefore merely increases the pay of the men 20 per cent. Less that one-half of one per cent of the entire population—benefits—about 1,400,000 who work in the shops and freight houses and on the tracks receive no advantage. Without looking into the justice or necessity of the advance in wages at this time, which might have been ascertained by arbitration, the law was enacted at the expense of the clerks, small business men, farmers and the entire remainder of the people. To refuse investigation and arbitration opens the way for such refusal in the future on the part of capital, which is better organized than labor. Government should be the means of providing for the maintenance of the just rights of all in the community. In this case it was used by the few to secure advantage in compensation

from the many—something quite different from an eight-hour law.

The attitude of Mr. Hughes toward the Adamson law is consistent with that of the American Federation of Labor itself. In the convention at Philadelphia in 1914 the following resolution was adopted:

"The American Federation of Labor, as in the past, again declares that the question of the regulation of wages and hours of labor should be undertaken through trade union activity and not be made subjects of law through legislative enactment."

"Nor is the view of Mr. Hughes inconsistent with that of President Gompers. Speaking before the Committee on Industrial Relations of the Constitutional Convention of New York on May 26, 1915, Mr. Gompers thus expressed himself:

"I should say that I should not favor a proposition which would put power into the hands of the legislature to regulate the minimum wage for men in private employment or for the regulation of the hours of labor of men in private employment. Let me say this: That reading history as I have, I am chary of placing in the power of any governmental agency, power to regulate the conditions of employment of the workers of our country."

"In addition to our support of Mr. Hughes because of his labor record, we believe it is essential to well being and prosperity that the protective tariff be restored by the Republican party, which has fathered that policy, and that we have at the head of the government an executive who will bring this about in such a way as to cover the difference in the cost of labor here and abroad and maintain our more comfortable standard of living, and yet who has the courage to see that it be done without abuses. We point to a falling off in revenue of \$238,354,644 and an increase in imports of \$640,164,787, under the Underwood law, in spite of twenty-three months of war up to July 1, as sufficient evidence of the ravages caused in our national finances and industrial system by the abandonment of protection. The country is drifting in a false paradise. The conflict in Europe has resulted in enormous demands for our food, munitions and other products, erecting an unnatural tariff wall to give even further proof of the principal. But the war may end at any time and then the fictitious good times we now enjoy will disappear. Thirty millions of men, trained in methods and accustomed to the simplest modes of life, will return to their vocations, and immediately there will face this country the necessity for competition with cheaper goods made by cheaper labor. If we remain unprotected by aught except the Underwood law, based upon the theory of tariff for revenue only, we shall suffer. We are dependent upon the prosperity of the industries from which we receive our wages. If we are protected by an adequate tariff, we shall not need to worry, for we shall know that its duties will sustain our incomes. Let us not forget the sufferings we underwent during the Cleveland administration and the prosperity that ensued under McKinley. Let us vote for the principal of government which has proven its efficiency in protecting our homes and families, and for that natural prosperity under which the building trades and all organized labor have always greatly benefited.

(Signed) James L. Geron, Daniel S. Jacobs, Matt Comerford, John Gill, John Williams, W. F. Kramer, John A. Metz, Mahlon M. Garland, H. L. Fidler, Frank A. Petridge, W. O. Jones, M. G. Woolley, John S. Strachan, Harry Engle, Robert A. Barber, J. J. O'Connor, Thos. J. Dolan."

# HUMANITY—AND YOUR VOTE

## By HENRY FORD

IN this great crisis of our country I am more interested in measures than in men, I am not interested in parties at all. But measures can only be put into force through the men in office. We must therefore make a choice of the man and men who will put the measures in force.

In the first place we should guard against Wall Street influences again securing the control of our government. They have been rooted out during the last four years, and they are working hard to get back.

The eight-hour day should be extended to all our industries where possible. Women should be given the rights which in justice belong to them. For years the argument has had some force with me that women should be discouraged from working in factories and stores, and hence, they have been discriminated against in wages, but I have slowly come to the settled conviction that this practice has been unfair, because equal work deserves equal pay. Hence, all women in our employment who do equal work shall receive equal pay.

I regard war as the greatest curse of mankind—that it has done more to retard the progress of the race and its material well-being than any other single cause. We want to see war abolished and we believe it can be done, and we must try to choose the man for the head of our Nation who will do the most for these ends.

ALTHOUGH NOMINALLY A REPUBLICAN ALL MY LIFE, I AM FOR WILSON, AND URGE MY FELLOW CITIZENS TO STAND FOR HIM, BECAUSE OF HIS POSITION ON THESE AND OTHER GREAT QUESTIONS, BECAUSE HE HAS KEPT US OUT OF WAR AND HAS DONE MUCH TO BRING ABOUT THE REMARKABLE PROSPERITY WHICH WE ENJOY, AND BECAUSE WALL STREET IS AGAINST HIM.

He is entitled to be rewarded for his great service to mankind, and the only way we can reward him is by giving him the opportunity to be of still greater service.

The greatest reward for doing a good thing is the privilege to do more, that is why Mr. Wilson wants to be re-elected; in other words, to be paid for what he has done by the privilege of doing more.

I have much admiration for Mr. Hughes personally, but he is surrounded, influenced and advised by nearly all the evil influences of selfishness and greed which I feel have retarded our progress for so long. I fear his election would restore the old crowd to power and put back the cause of humanity for fifty years.

In my mind, the most undesirable citizen in the world is the man who will buy another man's vote, and the next most undesirable is the man who will sell his vote—because he not only injures himself and his family, but the community at large.

I AM FOR MR. WILSON BECAUSE WITH A WORLD AT WAR HE HAS KEPT US OUT OF WAR. ALL OTHER GREAT NATIONS ARE BEING CONSUMED AND DESTROYED BUT WE HAVE PEACE WITH HONOR, AND OUR BOYS ARE AT HOME. SPECIAL INTERESTS ARE DEMANDING WAR AND THE PRESIDENT IS BEING CRITICIZED WITH MANY WORDS, BUT STRIPPED OF ALL UNNECESSARY WORDS THEIR REAL COMPLAINT IS THAT HE HAS NOT PLUNGED THE COUNTRY INTO WAR FOR THEIR PROFIT.

There has been much talk of the attitude of the so-called "hyphenates." To my mind these are merely sentimental Americans, men and women, who, like myself, have a feeling of love for the place of their birth. My observation has shown that among the best of Americans are these citizens.

To all these let me say: I know from many conversations with Mr. Wilson his absolute neutrality among all the nations at war, his intense devotion to peace, his deep desire to serve all the peoples of all those countries impartially. Any single act apparently against any one of these countries, is made only in pursuance of his duty as president of the United States and his duty to mankind.

I know positively he bears no ill will to Germany or to England, or France, or Austria, or any of those countries at war, but he does understand and is opposing that invisible government, that unseen hand which caused this war. I believe those same selfish forces that caused the war are opposing the President's re-election.

I AM FOR WILSON because he caused to be passed a large number of wise and humane laws, most of which had been promised by the politicians of both parties for many years without fulfillment.

No one class has been favored, no one disregarded. He has served the United States as a whole.

Among these laws are:

THE FEDERAL RESERVE LAW, which wrested from Wall Street its monopoly of finance, released credit, forbade usury and dispelled the fear of money panics which hung over every business. It has done away with the concentration of money in the hands of a few men in Wall Street, and distributed it among twelve government controlled reserve banks throughout the country. The passage of this law alone, from the viewpoint of the honest business man, should entitle Woodrow Wilson to re-election.

THE EIGHT-HOUR LAWS—The eight-hour day issue has suddenly sprung into great prominence.

I say to you from experience and not from guess work, that the eight-hour day will help both employers and employees. We have had the eight-hour day in force in the Ford factory for nearly three years and it has been a complete success from every point of view.

I AM FOR WILSON because he favors the eight-hour day. The President has declared that he is in favor of the eight-hour day in all kinds of business, except a very few in which it is impracticable, as for instance, farming.

The president has been criticised for the passage of the Adamson eight-hour law, which applies to railroads, but that law averted the wholesale ruin which a universal railway strike would have brought. A strike had been ordered. It meant the closing of factories, violence and the enforced idleness of millions of persons and the loss of millions of dollars. Neither side to the struggle took into consideration the one hundred million people who would have to bear the burden. Every business man in the country was trembling with fear. The President acted as the representative of the people and the strike was prevented and the principle of an eight-hour day endorsed. Seventy-four Republican Congressmen voted for the bill and no word of protest came from the Republican candidate, although the law was under consideration for several days.

Mr. Wilson showed great wisdom and courage in preventing this strike, which would have paralyzed the nation.

The Commission which has been appointed to study the effect of this law will, I hope, report that with increased efficiency the railroads will not need higher rates. But in any

case this action is, I believe and hope, the first step towards the government ownership and operation of railroads.

THE RURAL CREDITS LAW, under which the farmer is enabled to borrow long time loans on small payments, at low rates of interest; and it promises an annual saving of \$150,000,000 to farmers who were formerly the hopeless victims of loan sharks. These rural credit banks are now being established by the Commission in various parts of the country.

THE CHILD LABOR LAW, which prevents employment of young children in factories and stops the coining of dividends out of the lives of little children. There is no factory and no institution that can possibly give any care equal to a mother's care.

A WISE WORKMEN'S COMPENSATION LAW, providing compensation to those injured while in the service of the government, which measure will lead to "safety first."

THE LAW CREATING THE NON-PARTISAN TARIFF COMMISSION, which will go into effect very soon, and which has taken the tariff out of politics and placed it in the hands of a commission of different parties, so that tariffs can be altered as conditions change.

THE GOOD ROADS LAW, which provides \$75,000,000 for improving highways throughout the United States under adequate safeguards, which will facilitate transportation. This will help the country feed the city.

The farmer will be greatly benefited by not being compelled to waste his energies on bad roads. Fruits and vegetables today are rotting on the farms from lack of good roads.

THE INCOME TAX LAW AND THE INHERITANCE TAX LAW, which readjust the burdens of taxation, compelling the wealthy to bear a fair share of the load which has hitherto rested all too heavily on the backs of the poor.

THE AGRICULTURAL EXTENSION LAW, which provides an annual appropriation for the direct education of the farmer, in order that the farms of the land may be worked with greater efficiency and upon a sound and scientific basis and produce larger crops for the benefit of all our people.

THE ALASKAN RAILWAY LAW, which provided a railroad built and operated by the government, and which has opened up the resources of that great territory in the interests of the PEOPLE, not for the benefit of the few.

THE FEDERAL TRADE COMMISSION LAW, which creates a non-partisan Board to arbitrate commercial disputes, to prevent unfair competition and to stand as a barrier between the consumer and extortion.

THE GRAIN ANTI-GAMBLING LAW, which provides better grain storage facilities, and enables the farmer to obtain certificates on which loans may be secured. He is thus enabled to borrow on the products of his labor—and is not compelled to sell during unfavorable times.

THE SAFETY-AT-SEA LAW, through the passage of which ships now carry more life-saving equipment, and the general living conditions of sailors at sea have been improved.

THE COTTON FUTURES LAW, which prevents gambling in cotton in stock exchanges and establishes standards for cotton. I hope the President will find some way to pass a law to prevent all speculation in stocks.

THE CLAYTON ANTI-TRUST LAW, which does away with interlocking directorates, prevents railway looting, ends the abuse of the injunction, and declares the great truth that a "Man's labor is not a commodity but a part of his life."

THE ABOVE RECORD OF PROGRESSIVE LEGISLATION in the interest of all the people and not of the few, far exceeds any ever before known in our history.

THOMAS A. EDISON SAYS THAT PRESIDENT WILSON AND HIS COLLEAGUES IN CONGRESS, BOTH DEMOCRATS AND REPUBLICANS, HAVE ENACTED MORE LAWS FOR THE BENEFIT OF THE INDUSTRIOUS PEOPLE IN THE PAST THREE YEARS THAN THE REPUBLICAN PARTY HAS IN ALL THE TIME IT WAS IN POWER; and it is because of these laws and his leadership in the interest of all the people that the President is being fought by the special interests, by every master of Wall Street, every monopolist, every munition maker, every man with a special interest to serve. No business man should oppose Wilson because Wilson is the greatest friend honest business ever had in the White House.

GREAT PROSPERITY COVERS THE LAND AS NEVER BEFORE, LEGITIMATE ENTERPRISE IS ASSURED A PROPER REWARD, THERE ARE NO BREAD LINES, AND EVERYBODY IS EMPLOYED THAT WANTS TO BE. OUR PEOPLE ARE CONTENTED, PROSPEROUS AND HAPPY. WHY SHOULD WE MAKE A CHANGE?

In order to carry out his work President Wilson will need the co-operation of a Congress thoroughly in accord with his own far-seeing policy. It is our plain duty as voters to send back to Congress the right men, irrespective of party, to assist the President in the great tasks that face him.

### AUTO NOTES

Another immense visitation of automobiles was enjoyed by Jacksonville yesterday and all were welcome. Soon it will be necessary to provide more room for them, for their occupants are wanted in Jacksonville. A few arrivals were:

I ALMOST got acquainted  
WITH A charming man at a  
DINNER PARTY last evening but  
THE WOMAN who sat between  
US HAD spent too much  
MONEY FOR hair that had  
BELONGED TO others.  
EVERY PLEASANTY of mine  
WAS EITHER hooked by  
A CURL or deflected by  
A FALSE puff. Then, too, I  
FANCIED THAT all of the  
ORIGINAL OWNERS of that  
ASSORTMENT of hair were listening  
TO OUR conversation and it  
EMBARRASSED ME. Why in  
THE WORLD more women don't

### A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

If Cross, Feverish, Sick, Bilious, Give Fruit Laxative At Once.

Every mother realizes, after giving her children "California Syrup of Figs" that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable feverish or breath is bad, stomach sour, look at the tongue, Mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile, and undigested food passes out of the bowels, and you have a well, playful child again.

When its little system is full of cold, throat sore, has stomach ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50 cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine made by "California Fig Syrup Company."

## S. H. WILSON STRONG SUFFRAGE ADVOCATE

Sees Benefit to All From Rights Accorded Women—Blood Bought Prosperity Only Kind Democrats Can Claim.

One of the best addresses of the Republican campaign was delivered in the circuit court room Saturday evening by the Hon. George H. Wilson of Quincy. The court room was crowded when Mrs. Miller Weir, who acted as chairman, was introduced by County Chairman Charles B. Graff.

A quartet composed of young men from Illinois college were present and gave several selections, which were well received. Mrs. Weir then introduced Mr. Wilson. The Mr. Wilson graduated from Illinois college and married a Jacksonville girl. It is seldom that he has appeared here as a public speaker.

The speaker prefaced his address with a few words on the care by the state of its wards and led up to the Glackin law. "This law," the speaker said, "was a species of the initiative and referendum." While he was not ordinarily in favor of the

initiative and referendum he was heartily in favor of the law. He urged all voters regardless of party to vote for the establishment of a county sanitarium.

"As I understand it," said the speaker, "this is a Republican meeting. I want to say something regarding the issues of the present campaign, which I believe will be of interest not only to Republicans, but to Democrats if there are any present."

Mr. Wilson said he was in favor of woman's suffrage and had been long before his wife was converted to it. The speaker said he became interested in the movement thru the women who came to the legislative hall a good many years back in the interest of suffrage. These women were of high character and sincerity of purpose and persevered until success finally came.

"I have found," said the speaker, "that the men who were on the right side of moral questions were the ones who favored woman's suffrage, while those who leaned toward evil influences were the ones who opposed it."

### Woman's Suffrage Benefits All.

"The states where women have been granted suffrage I find are states where the laws are enforced and where good laws are enacted.

for the uplift of women and children. If women got the privilege of the ballot it will result in better opportunities, better conditions and better wages for them.

"What party," asked the speaker, "offers the best opportunities to women? The Democratic party has been appealing to the women of this country from a sentimental standpoint. But I do not believe the women will be led into the wilderness by Democratic orators."

"President Wilson when approached by the women as to what he was going to do for woman's suffrage would not be cross-questioned. He stated he was opposed to federal action, but thought the matter should be settled by the several states."

"The fact of the matter," the speaker said, "is that President Wilson and southern statesmen and politicians are opposed to national suffrage because they are against giving the franchise to the colored women of the south."

"The only hope for women in this campaign is the Republican party," declared the speaker.

### Unprotected Citizens.

"The slogan of the Democratic party in this campaign," said the speaker, "is Wilson has kept us out of war. But he hasn't kept us out of war, for we have had two wars in which American soldiers were killed. Time was when one was proud to be a citizen of the United States. In the days of McKinley, Roosevelt and John Hay a citizen of the United States could go any place in the world and be assured of protection. He can not do so now."

The speaker predicted that at the close of the European conflict England, France and Germany would compel the United States to carry out the spirit of the Monroe doctrine and establish order and peace in Mexico.

The speaker then reviewed the record of former Democratic administrations. He told of the different issues they had made. In 1892 it was the Wilson-Gorman tariff bill. Then in 1896 the leaders searched for a new issue and Mr. Bryan came forward with 16 to 1 free silver propaganda. In 1900 Mr. Bryan returned from a trip around the world and made the issue anti-imperialism. In 1908 they talked about predatory wealth, while in 1912 they didn't need an issue, as the Republican party split and allowed the Democrats to walk into office.

Mr. Wilson dwelt on what he termed the disaster of 1912. "But," he said, "they are all back and the greatest worry of the Democratic leaders today is a united Republican party."

### Blood Bought Prosperity.

"The Democrats are talking of prosperity," said Mr. Wilson, "but not so long ago they did not want to hear any prosperity talk. They have tried to make the people forget the hard times of two years ago until the European war began and then came blood bought prosperity. Democratic prosperity is always attended by some calamity either at home or abroad."

In closing Mr. Wilson touched on the state ticket. He called especial attention to the candidacy of Andrew Russell for state auditor, to whom Mr. Wilson referred as a friend of many years standing. He said Mr. Russell had made good as state treasurer and he predicted his election as auditor and said he would make good in that office. Mr. Wilson also called attention to the state ticket and said he hoped that every candidate would be elected.

"I am glad to be here tonight," said the speaker. "I wish to express my gratitude for the magnificent vote given me in the primary for attorney general. While I did not succeed in being nominated, I nevertheless appreciate your support."

### SIX-DAY BIKE RACE FOR BOSTON.

Boston, Mass., Nov. 4.—More than a score of bicycle stars, the pick of the race riders now in America, are entered in Boston's tenth annual six-day race which begins on the Arena track Monday. As the men will ride in pairs, this will make ten or more teams who will start in the grueling grind for the rich money prizes offered by Messrs. McLean and Butler, managers of the race. The event this year looks more open than did any of the previous races before the start as fully half of the teams started are so evenly matched that the winner may not be decided until the final sprint on Saturday night, November 11.

Prominent among the entrants is the Australian team of Goulet and Grenda. Goulet, paired with Freddie Hill, won last year's grind in Boston and figures that he has an excellent chance to repeat with the lanky Grenda as his partner.

Hill will team this year with Jake Nagin of Newark. Other of the participating teams will include the Spencer brothers of Toronto, Tim Sullivan of Revere and Joe Grimm of Newark, the famous 'Frisco team of Thomas and Lawrence, an Italian team made up of Vincent Madonna and Tony Bello, and the old fashioned Yankee combination of Eddie Rott and Ivor Lawson.

As in past years the six day contest is to be preceded tonight by a program of sprint races for the world's indoor championships. The outstanding feature of the evening will be a special match race between Bob Spears, Reggie McNamara, Bob Lawson and Arthur Spencer. Another star attraction will be a special motor paced race between Wiley, Carman and Madonna, to be ridden in five-mile heats. There will also be a 10-mile professional race, introducing practically every competitor who is to take part in the six-day grind.

## MAVERICK'S

The Deutschland, like the cat, came back.

We have a notion that Illinois didn't look so easy to Coach Wann of Millikin after he saw her bury Wesleyan at Bloomington Friday afternoon.

Cigars are not particular who smoke them during election times.

Mrs. LeRoy said that in our foreign commerce that we must play according to the dealing. We are inclined to believe that some of the foreign countries have been dealing off the bottom to President Wilson.

The Deutschland pays about as much attention to the British navy as the Kaiser does to President's.

For a man whom they profess to believe has no show the Democratic orators have been devoting a lot of their time to Charles E. Hughes.

Tut, tut. Who's got time to talk about submarines with the election only two days away?

About the lightest occupation we know of is that of professional forecaster of election results.

### INSIDE TIP FOR

ELECTION BETTORS  
"There is no question but that Charles E. Hughes will be elected by a large majority." F. W. Hitchcock, chairman National Republican committee.

"There is no question but that Woodrow Wilson will be elected president," Democratic national committee.

Vote in favor of the soldiers' monument next Tuesday.

### GOD SAVE THE SHIP—OUR COUNTRY

Our good old ship is floundering, so fearful's been the gale,  
The crew and captain's faces are turned to ashen pale;  
The passengers are gathered, they shiver in their fear,  
Or whisper in the darkness, "The reefs are very near."

The good ship reels and lurches. Will she ever breast the storm? So fearful is her captain he can not stay the harm.  
He stands so weak and helpless, he did not know his chart,  
While rats gnaw at the entrails to tear the ship apart.

And the flag that's ever blinding its red and blue and white  
In blazing rays of glory, and breaking forth in light;  
That flag that's always floated from the maintop or the mast,  
In shreds may soon be lying, or on the breakers cast.

The wireless sends the message, "We fear we all shall drown,  
Unless we have sure guidance the good ship will go down.  
At sea we long have floundered, we can not stand the shocks,  
We'll sink beneath the waters or break upon the rocks."

Methinks a mighty captain is answering the call;  
We see him as he's coming, he's looming grand and tall.  
A leader firm, yet loving, a hand that's steady, strong,  
A voice that's full of music to sing our "Banner Song."

An arm that never quivers, a man so just and square  
That rendering decisions he handed them down fair.  
One look upon his features, one glance at his right hand  
Which holds the starry banner that waves above our land.

Will tell you he is able to guide the ship aright,  
To save it from destruction, to bring it thru the night.  
The passengers stand breathless, as he advances on;  
They hope if he should reach them to see another dawn.

They see that he is capable, a man of worth and force;  
But should the breakers hinder, or turn him from his course,  
Or should he meet disaster upon his daring trip,  
God save, Oh may He save them; God save the dear old ship.

### HUB PREPARES FOR "BILLY" SUNDAY

Boston, Mass., Nov. 4.—Tomorrow has been fixed as the day for the formal dedication of the Huntington avenue tabernacle, where "Billy" Sunday is soon to begin his campaign to drive the devil out of Boston. Mr. Sunday closes his campaign in Detroit tomorrow and will rest a week before beginning his engagement in this city. He has sent word to the local committee that he will arrive in Boston next Saturday, in time to attend the Harvard-Princeton football game. During his stay in the Hub, he and his family and assistants will be quartered in the handsome residence of the late ex-Governor Long in Commonwealth avenue.

The tabernacle which is to be dedicated tomorrow occupies the site of the old American league baseball grounds in Huntington avenue. In order to comply with the local building laws it was necessary to build the structure of steel and brick. As a consequence the tabernacle is the costliest as well as the largest in which Mr. Sunday has appeared in any of the cities he has visited.

An attractive program of exercises has been arranged for the dedication. Bishop E. H. Hughes, resident bishop of the Methodist Episcopal Church, will deliver the principal address. The music will be furnished by the chorus of 6000 voices which has been trained for the coming evangelistic campaign.

develop greater beauty of tone with use

WHILE quite the contrary is true of most pianos. We are all familiar with the piano that develops a metallic tone after a few years' use.

You don't want that kind. You want one that your children and grandchildren will enjoy, as well as give you pleasure for a lifetime. The children can't practice away its marvelous beauty of tone because it is the permanent result of careful planning and construction.

When you own an Ellington Piano, you can be sure that even greater beauty of tone will be revealed with use, than that which first appealed to you.

ELLINGTON PIANOS are also made as Player Pianos. The Ellington Manual, a player piano that is all but human, is indeed a triumph of tone and technique. Be sure to examine it.

## UGH! ACID STOMACH, SOURNESS, HEARTBURN, GAS OR INDIGESTION

The Moment "Pape's Diapepsin" Reaches the Stomach All Distress Goes

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, let this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back. You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.—Adv.

## ILLINOIS COLLEGE NOTES

The Devotional Service at Academy Hall on Sunday evening will be led by Paul Watkins, the topic will be Political Christianity. W. Kelly Vaughn '12 is an interne at the Allegheny General Hospital, Pittsburgh, Pa.

Frank Phillips, '11 and Roy Newberry, '12, both of whom are teaching in the Bloomington High school, were at the Illinois Wesleyan game on Friday.

It seems likely that enough "rooters" will go to Decatur next Saturday to enable the football management to secure a special excursion rate of \$2.00 and a special train returning from Decatur on the Wabash. A subscription is being taken among students and friends of the College for the purpose of taking the band. It seems entirely likely that sufficient funds will be raised so that the whole band may be taken.

President Rammelkamp returned to the campus on Saturday. He spent a couple of days in Chicago on College business, and a couple of days at Alma, Michigan, attending the inauguration of President H. M. Crooks of Alma College. On the way back to Jacksonville he stopped to witness the Illinois-Wesleyan game at Bloomington.

Bryce Whisler, who has a light case of blood poisoning, is reported to be improving. Miss Malone, instructor in German and English, has not been able to meet her classes for several days on account of illness.

The girls at Academy Hall sent a telegram of greetings and good wishes to the football team at Bloomington on Friday. The members of the team greatly appreciated the telegram.

Lucille Allison, '16 and Pearl Allison, '20 went to Bloomington to see the game on Friday.

Henry Caldwell, '17 will go to Galesburg on Friday to represent

Illinois College in the State collegiate Oratorical contest. Caldwell will deliver an oration on "Edgar Allan Poe. It is expected he will give the oration at chapel exercises Thursday morning.

For Rent—Two office rooms. Apply Hopper & Son.

MEXICO ARRANGES FOR SHIPMENT OF MUNITIONS. Mexico City, Nov. 3.—It is expected that the question of shipment of munitions to Mexico from San Salvador had been arranged and the United States no longer object to the shipments.

## AGED WOMAN

Run Down and Feeble—Made Strong by Vinol.

So many people in Jacksonville vicinity are in Mrs. Wickert's condition we ask you to call store and get a bottle of Vinol, it fails to benefit we will return money.

In her eighty-second year John Wickersham, of Russell, Pa., says: "I was in a run-down condition and had lost flesh after taking two bottles my strength returned; I am gaining in flesh, I have built up my health and I am fine for a woman of my age. I get around and do my housework."

The reason Vinol was so successful in Mrs. Wickersham's case was because it contains beef and cod livers, iron and manganese, nates and glycerophosphates the elements needed to build up a clogged run-down system and strength.

Right here in Jacksonville we have seen such excellent results from Vinol that it is a pleasure to know doing so much good for old people in other parts of the country.

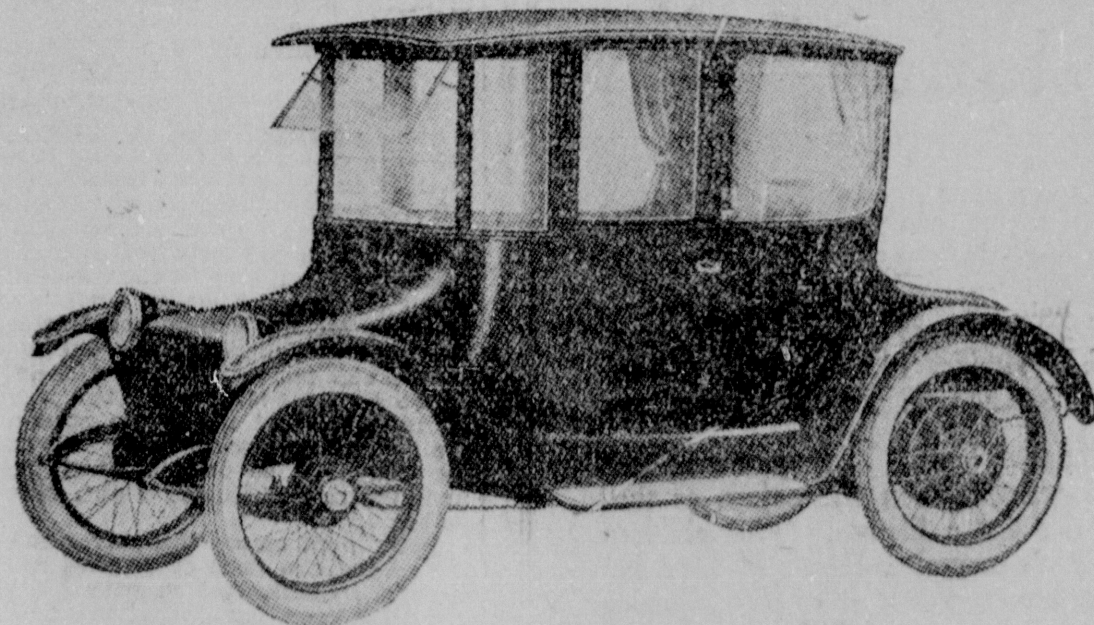

Lee P. Alcott, druggist, Jacksonville, also at the leading drug stores in all Illinois towns.—Adv.

# Detroit Electric

Now a Detroit Electric for \$1775

That line will bear repetition. Read it again—Now a Detroit Electric for \$1775.

For ten years the Detroit Electric has borne the reputation of being the finest enclosed car built. It is matchless among all-year cars in design, in quality of construction, and in modern refinements.

And the world of enclosed car purchasers knows this. Though there are cars of higher price and cars of lower price, far more Detroit Electrics are bought than any other enclosed car either of gasoline or electric type.

This model 68, at \$1775, in every feature, every refinement, every detail is typically Detroit Electric in quality and workmanship.

It is a car we are proud to give the name Detroit Electric.

## SOME FARM THEMES

LIVE STOCK PRODUCTION  
AND THE STOCK SHOW

If public interest in the International Live Stock Exposition was ever justified, this is the moment. Not only is commercial live stock production profitable to an unprecedented degree, but the task of rehabilitating the industry must be vigorously prosecuted if the nation is to be assured of an adequate supply of meat.

Improvement of live stock is the need of the hour. As cost of production increases, breeders and feed-

ers can not achieve maximum results with the inferior and mediocre grades of cattle that constitute too large a percentage of the stuff now reaching market.

It is an accepted axiom that the profit is in the grain. It corresponds with the motto of transportation specialists that the money is in the straps, meaning passengers who are not furnished seats.

Profit in handling scrub live stock is questionable and possible only during periods of abnormally high prices. If cattle raising is to be placed on a permanently staple basis, the present system must be abandoned.

The management of the International Live Stock Exposition is exploiting an idea that is slowly gaining ground. Education is a proverbially slow process and progress is attained only by persistent endeavor. To insure maximum profits at minimum cost in the sphere of meat production is the mission of the International Live Stock Exposition. That mission is primarily designed to benefit the producer, incidentally it will work to the advantage of the carrier, the manufacturer and the consumer, consequently its success is desirable from many angles.

From a utilitarian standpoint the International Live Stock Exposition, which will this year be held from December 2 to 9, stands in the front rank of the world's educational institutions and no farmer or stockman can afford to stay away.

## WON CORN HONORS.

John Whalen of Franklin is naturally proud over the fact that he won first honors on Boone county white corn at the big Bloomington corn show. There were more than 400 entries of all kinds at that show and Mr. Whalen was awarded the blue ribbon for the best single ear of the variety mentioned. He has sixty-five acres in corn this year and the yield and quality are excellent.

Richard Whalen, his brother, was awarded second prize on ten acres of Boone county white. Since nearly all the fancy corn growers of the state had representation in the show it is quite a credit to Morgan county to have these premiums.

John Anderson of the Franklin neighborhood also won honors, as he was awarded first prize for the longest ear of corn of any variety. Still another Morgan county man who took a prize was Samuel Burchett, who received third prize on his ten ears of Reid's Yellow Dent corn. John Whalen also took fifth on the best ten ears of thoroughbred corn of any variety. The Morgan county men certainly made an excellent showing in such a large exhibit.

## SOME PRICES FOR HOGS

A. O. Harris recently bought of Grant Craft 84 hogs at \$9.40. Speaking of high and low prices for hogs Thos. S. Knoles, a veteran stock dealer said somewhere possibly in the 1870's, tho he was not sure when, he bought thirteen car loads of hogs at \$2.25 and lost money on them. Mr. Harris' father said he bought 100 in the 90's at \$2.50 and lost money on them.

TAZEWELL COUNTY FARM  
ADVISER'S SUGGESTIONS

## Hog Management.

The high price of corn has created an unusual interest in economical methods of handling hogs. Even with such high priced corn, there is money in hogs if they are handled judiciously, even though prices on hogs should go lower than they are now. We are getting statements together from men who made splendid records with their spring pigs this year and have already sold them at good weights and high prices on the market. Those who have sent in their records to date are Frank Harris of Tremont, S. L. Ackerman, Tremont; Wm. Baurer, Morton; Wil-

bert C. Sommer, Pekin; Joseph Morris, Washington, and R. B. Orndorff, Delavan. We will get out a summary of the work done by these men with their hogs this year and mail it to all the farm bureau members as an indication of what can be done.

## Oats Records.

Records of the acreage, variety, method of soil preparation, yield and other facts concerning the oats crop have been sent in by a number of Farm Bureau members. We are working these into shape to supply a summary of this information for the use of all the Farm Bureau members who are interested. This summary will be sent out soon so that those members who wish to buy some other variety of oats for seed in place of the one they have been using right along will have plenty of opportunity to do so before spring. There is a great difference in the yields of oats on the farms of different members and these records reveal some of the facts causing the difference.

## Wintering Live Stock.

On account of the high price of corn, members are figuring closely on the cost of wintering live stock. We are getting records of the methods used by a number of the most successful stockmen in the county. There are various opportunities for cutting down the cost of winter feeding and still have the cattle, horses, sheep and hogs in good condition and make good gains, if being fattened. Most people do not discriminate closely enough in the choice of feeds. It is not the cost of the feed, but its suitability for the purpose for which it is used. An instance of this sort comes to mind that happened a couple of years ago. One of the members happened to mention the combination of feeds he was using for his dairy cows. We figured up the cost of that and then the cost of another ration which would be just as suitable for the cows and much cheaper. He changed to the cheaper ration with a saving of a good many dollars to himself and without reducing the amount of milk. This fall and winter offers a favorable opportunity for farmers to make a special study of economical live stock feeding and we plan to emphasize this more than any other season in the Farm Bureau work.

E. T. Robbins,  
Tazewell County Agricultural Agent.

## HOGS IN CORN.

Those who have never used hogs for harvesting the corn crop are inclined to speak of the practice as a slipshod way to harvest or feed the crop. However, the experience of careful feeders and grain growers does not bear out that view of the matter. Of course, there must be good management of the stock in order to get compensatory results, and the fields must be handled to leave the minimum amount of waste. Those who have been using both hogs and sheep for this purpose say their gains this year will be equal to one dollar or better a bushel for their corn, besides saving the expense of husking. In Livingston County, Illinois, this plan is being tried out on quite an extensive scale, using rape sowed amid the corn as a supplement to the corn. Sheep, however, are being used largely here as the corn huskers. In Mercer County, Illinois, soy beans were planted in thousands of acres of corn, and hogs are now running these fields. Previous results from this work have been very satisfactory, and many more are planning to extend the practice next season. Soy beans and corn make an ideal combination for hogs, and rape and corn should be equally as satisfactory for sheep.—L. C. Brown, in the Farmers' Review, Chicago.

Vote in favor of the soldiers' monument next Tuesday.

## THE YALE PAGEANT

A picture in the Journal window was sent to T. S. Martin by his son, Rev. Davis W. Martin, who is working for a master's degree in the school of religion at Yale. The newspaper halftone picture shows the great pageant recently presented at Yale in honor of the 200th anniversary of the university. The pageant was said to have been the most pretentious ever given and more than 6,000 persons took part. It was presented in a great stadium or pit which, with its circular arrangement of seats, will accommodate 75,000 people. At the pageant there were 38,000 persons in the audience. Rev. Mr. Martin was one of the ushers that day and has written in the most enthusiastic way about the demonstration.

In the estate of Robert Beavers, petition to omit appraisal was approved.  
In the estate of Charles F. Gibbs, the widow's relinquishment and selection was approved.  
In the estate of Mary J. Hampton, the inventory was approved and petition to omit appraisal allowed.  
In the matter of the guardianship of Clyde C. Hembrough, the final report was approved.  
In the estate of Chester H. Cogswell, the final report was approved.

## FOOTBALL IN WAVERLY.

Yesterday afternoon Waverly township high school football team played a game with the Carlisle high school team and the result was a tie of 7 to 7. The game was hotly contested. The Waverly team scored the first quarter and held the visitors for downs during the entire game. The Carlisle team scored in the last five minutes of the game and kicked goal making the score stand even as stated above.

## MASS MEETING MONDAY

There will be a mass meeting of Republican Colored Voters at the Court House tomorrow night at eight o'clock. A number of prominent speakers will be present and the meeting promises to be an enthusiastic one.

Miss Stella Cowden of Greenfield was a Saturday visitor in the city.

## COLLEGE OF MUSIC

## SCOTT'S THEATRE

2 DAYS—Monday--Tuesday, Nov. 6-7—2 DAYS

THE SUCCESSOR TO THE SPOILERS

—Featuring—

Kathlyn Williams

And the all star Spoilers cast in Rex Beach's marvelous story of love, romance and adventure of Panama

"The Ne'er-Do Well"

IN TEN REELS

A STORY OF A WOMAN'S SOUL

Produced by Collin Campbell of the Spoilers Fame

"THE NE'ER DO WELL", with all its depth of love, and soft, sweet tropical beauty, and FIENDISH JEALOUSY, and BLACK INTRIGUE—with the naked passions of men and women bared before you as only Rex Beach can bare them—with its hero football player from New York ensnared alike by the dazzling southern beauty, "CHIKITA," and the seductive EDITH CORTLANDT, WIFE OF THE OTHER MAN.

Kirk Anthony's pulses pounded to a thrill he had never known before. Cortlandt's wife lay in his arms; her face was close to his; her lips within his reach.

This passion-throbbing film is the greatest production since "The Birth of a Nation."

"THE NE'ER DO WELL" is greater than "The Spoilers"; its flights of sweet romance are higher; its depth of dastardly intrigue are blacker—its action and its risks and dangers more overwhelming.

"THE NE'ER DO WELL" was produced upon the exact spots alluded to by Rex Beach in the story. It is filmed with all the vim, snap and punch that has made Rex Beach one of our most popular authors. There are hair-raising hand-to-hand fights, plot and counter-plot—and the do-or-die spirit of the "GET THERE" Yankee spirit that makes this one of the most fascinating offerings in the history of motion pictures.

You see the construction of the great canal, rugged life in Panama, intermingled with a beautiful story of love and romance.

Free List Suspended. Show starts at 1:00, 3:30 and 6:00, 8:30  
Admission—Adults, 25c; Children, 10c.
